Art Work of Local Resident.

The Daily News wishes to express its appreciation of the wonderful art work of one of Prince Rupert's residents, Morte Craig. The membership scroll presented to Capt. John McGregor by the St. Andrew's Society was a wonderful work of art. It was burnt on buckskin and must have taken an immense amount of care and skill in its execution. It compares favorably with the best work of its kind done anywhere in the world. Its value it is difficult to compute. The city is fortunate in having a man who is able to execute such wonderful work.

Board of Trade

Excursion Proposed.

Hon. T. D. Pattullo, Minister of Lands, is trying to arrange a businessmen's excursion from Vancouver and Victoria to visit Prince Rupert and up the line as far as Prince George, returning by way of the P. G. E. and the suggestion has been favorably received.

It would be a splendid thing if the people from the effete south would come through this north country and see for themselves the possibilities. Many of them have no idea what Prince Rupert is. They do not realize the importance of the fishing business, of the mining of the district and the farming possibilities of the interior country. If Mr. Pattullo can induce them to make the tour he will be doing good service to the district and also to the members of the visiting party.

More Money May Come for Housing.

It is possible that more money may be available for this district from the Dominion Government housing fund. Victoria and Saanich are doubtful if they will undertake the responsibility of guaranteeing it, and as the Provincial Government refuses to act as guarantor, it is possible that it may be refused absolutely by those communities. There are plenty of people to build houses in Victoria anyway, if there are people to buy them. Here conditions are different and it would be a great help to us to be able to erect fifty houses instead of twenty under the plan.

Women in Jail

Should be Protected.

The conditions in the local jail are not such as to make it desirable to admit women. There is no place for them. It is to be hoped that it will be a long time ere it again becomes necessary to put women in jail, but if they must have their liberty taken away they should be properly cared for.

Mrs. Kirkpatrick deserves the thanks of the community for drawing attention to this condition. She is on the committee to recommend a cure and doubtless she and Mr. Rochester will evolve a plan for righting the trouble.
