Popular Athletic Movie Man Secn In Comedy-Drama "Double Trouble."

Douglas Fairbanks, the popular hero of all the girls in the world, plays a dual personality part in "Double Trouble." At one time he is a Sunday School president and at another a "sport. He is sandbagged by thugs and robbed while on his way to New York. After five years of varied experience he becomes a prospector and strikes it rich, and from that time on things happen quickly.

"The Menace" is a story that proves environment and not heredity mould a man's character. The settings are sumptuous and of remarkable beauty. It is the tale of a fearless American youth who was shaken by a mysterious fear. How he fought his own Mutton fight against "the stranger" and won is recounted.

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum"on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum'on the outside, but large quantities of it inside.

More Cauliflower Comes in and First of Strawberries Have Arrived.

This week's market is on very much the same basis as last week except that more cauliflower has arrived and is selling at 40 cents for a large head.

French peas in cans are also on the market, which is something new, and are going at 35 cents per can. Celery is dropping in price, now only 25 cents for a good large head. Certain kinds of meats are getting higher in price, for instance, stewing beef, which last week was 30 cents per pound is now 35 cents.

Port Simpson, B. C., April 18, 1919.

Harry Hanson, Esq., Prince Rupert, B. C.,

Dear Sir:

Your Hanson Hot Water Coil has been in our range for just one year, and in all this time it has been 100 per cent plus efficient. I use the "plus" advisedly for not only has the coil provided an abundance of not warm but HOT water at all times, but by placing the forty-gallon tank in our large ten by ten bathroom it has kept it cosy in the coldest weather.

Aithough our range is small, Mrs. Young informs me she cannot see that the baking qualities are affected in the least by the coil.

In your perfection of a modern household necessity, I congratulate you. Sincerely. (Signed) R. B. YOUNG.
