

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

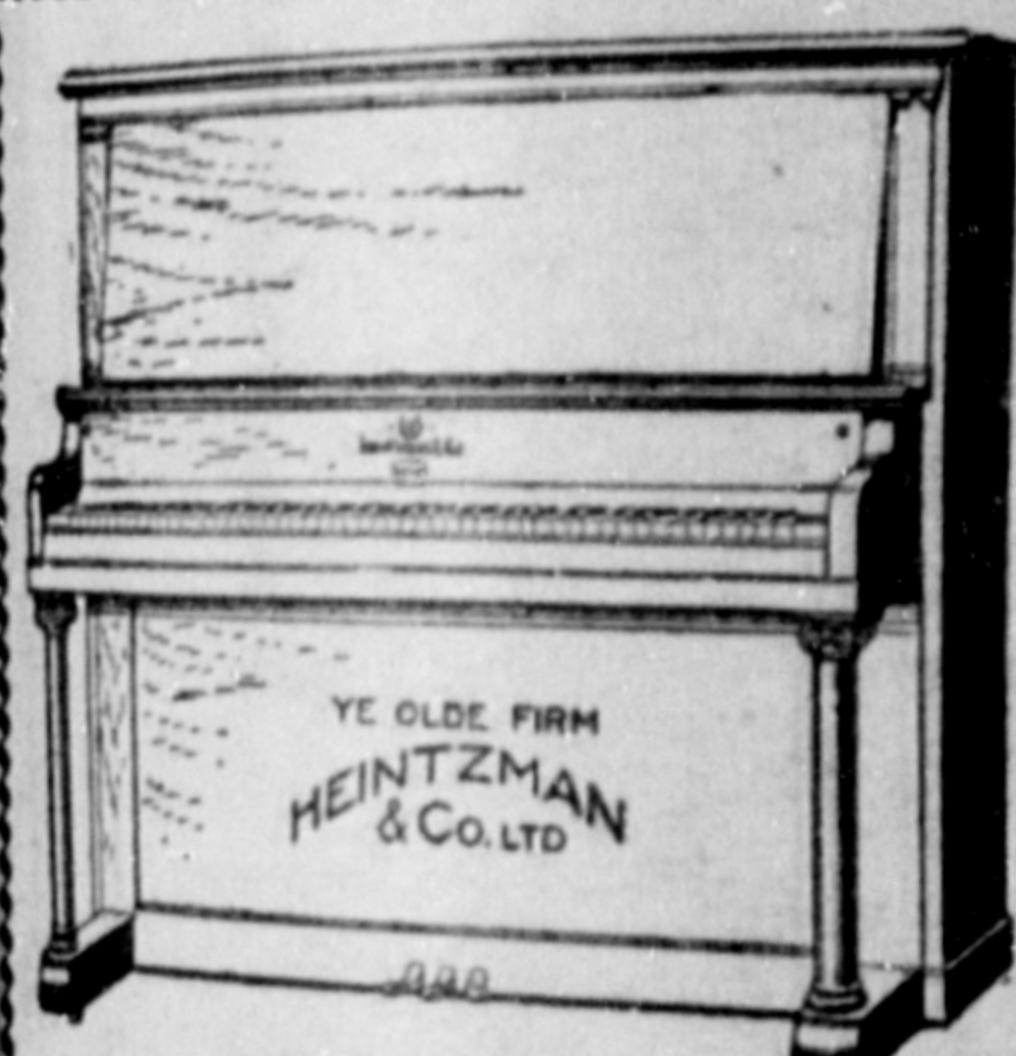

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

A GOLD STRIKE ON THE STUYHOK RIVER

Forty Cents to Pan Reported, But Grub There is Scarce.

Information has been received here in regard to a gold strike in Alaska not far from Fairbanks. The scene of the strike is on the Stuyhok river, a tributary of the Bonisilla, and is twelve miles from the Yukon river, opposite the Dogfish village below Holy Cross. Concerning the activities, the message states that prospects have been found in Henderson, Last Chance and Flat creeks. One hole put to bedrock on the Hazel bench netted forty cents to the pan from a general average of ten pans taken out. The ground is wet and it is fourteen feet to bedrock. The pay was evidently taken from slides as no gravel was found. About a hundred men are on the scene at the present time. The sender of the message stated that grub was scarce and it would not be advisable to stam-pede for a while.

The Stuyhok heads in about opposite the Dogfish village and runs parallel to the Yukon, running in the upstream direction. It joins the Bonisilla about twelve miles above the Yukon, the Bonisilla running at right angles to the Stuyhok, heading to the eastward.

Those intending to take in the new strike would probably do better by continuing down the Yukon from Holy Cross, striking in from the big bend on the right limit a few miles above the fish village, at which place it is not over twelve miles across.

MILITARY EXEMPTION

Largest Number Were Granted in Ontario, With Quebec Second.

The following were the numbers of exemptions granted under the Military Service Act of 1917, as reported in the House of Commons at Ottawa:

Alberta	17,934
British Columbia	8,473
Manitoba	10,102
New Brunswick	8,225
Nova Scotia	14,689
Ontario	65,989
Prince Edward Island	2,631
Quebec	58,644
Saskatchewan	30,440

Note—Many thousands of these exemptions granted for limited periods of time were under review by registrars on November 11, 1918.

DAWSON

The English setter dog supposed to have escaped from the Princess Sophia is said to have been owned by John Colver of Chicken Creek, who went down with the ship.

E. R. Cooper, a new arrival, intends establishing a new dredging outfit on Forty-Mile River.

George Fulton, who was in the city yesterday from the Hunker summit, reports having seen a dozen caribou recently in a band along the main summit road leading from Dawson to Sulphur creek. He states he was within twenty to thirty yards of them, and, as no one had been hunting in that vicinity, they were not frightened, and in no haste to get away. Four moose, he reports, also were about the summit for quite a while and were unmolested.
