INSECURITY OF LABOR IS CAUSE OF INDUSTRIAL UNREST SAYS MATHERS

(Special to The News via G. T. P. Telegraphs.)
Vancouver, April 30.—"We have been impressed with the insecurity of labor as one of the great causes of the present industrial unrest, it is hanging over the workingman like a cloud," Chairman Mather of the Royal Commission on Industrial Relations, in the course of the session here.
N. G. Neill, manager of the Employers' Association of British Columbia, favored strongly the creation of industrial councils for every trade group, with a provincial executive of employers and employees as a court of appeal and a federal council constructed in the same plan as a final court of last resort. It was his view that such a system of industrial government would eliminate arbitration and strikes, because disputes would be settled in a reasonable way before they reached the danger point.

NO AGREEMENT WITH JAPAN

Three Fail to Reach Settlement at First Session; Peace Terms Not Ready.

(Special via G. T. P. Telegraphs.)
Paris, April 30.—The Japanese delegates and the "Big Three" failed to reach an agreement in the Sino-Japanese territorial controversy in their first session. The British are reported to have agreed that the first meeting of the League of Nations shall be held in Washington with President Wilson presiding.
Because of the 24-hour strike for May 1, especially affecting transportation and communications, some doubt is expressed whether the peace terms would be presented to the Germans on that day.

COMMUNISTS FIRE ON GOVERNMENT AIRPLANES AT MUNICH

Great Difficulty Found in Feeding Populace and Many Soldiers.

(Special via G. T. P. Telegraphs.)
Berne, April 30.—Airplanes of the Hoffman Government forces flying over Munich have been fired on repeatedly by Communists, and as a result thirteen civilians have been killed and 100 wounded. The Communist Government has forbidden firing at airplanes.
This measure is said to have been taken, however, with the view of saving ammunition.
The Communist Government in Munich is said to be experiencing great difficulty in feeding the populace and a large number of soldiers are concentrated there.

STOWAWAYS

Three Men Went to Islands to Get Work and Found None.

(Special via G. T. P. Telegraphs.)
R. Fisher, W. Nelson and R. Miller were brought before Magistrate McMullin this morning in the police court charged with being stowaways on the ss. Prince John which arrived from the Islands last night.
It appeared from the evidence that the prisoners were shipped from Vancouver to Kelly's logging camp near Queen Charlotte City, where they were to be put to work. On reaching there they discovered that the camp was shut down. Having no money with them and being told of the work going on at the drydock here, the men beat their way to Prince Rupert.
On hearing the evidence of the accused the captain withdrew the information and the prisoners were released.

JAPANESE ARE IN LIMELIGHT AT CONFERENCE

Proposal of China to Pay and Keep Territory Not Favored By Neighbor.

(Special via G. T. P. Telegraphs.)
Paris, April 30.—The session of the Council of Three ended late this afternoon without any decision on either the Japanese or Belgian questions. A compromise was proposed to Japan with respect to the Kiao Chau problem but no conclusion was reached. It is understood that further consideration will be given the matter at an early date.
Kiao Chau is now rivaling Fiume as a peace stumbling block, and is attracting much attention. The Chinese proposition is to let Japan keep Kiao Chau and the former German concessions for one year under a pledge to turn them back upon China reimbursing Japan for the cost of capturing Tsing Tau. This is unfavorably received by the Japanese.

EMPLOYERS TAKE PART IN INQUIRY AT VANCOUVER CITY

Vancouver, April 30.—At Vancouver at the opening session of the industrial relations commission, presented a contrast to Victoria in the organized presentation of the case by employers. In the latter city all evidence from both sides, although interesting, was desultory since neither would the Trades and Labor Council appear officially, nor were the employers well organized. In Vancouver the Trades and Labor Council will ignore the commission, but employers had a continuous lineup of witnesses at the sessions.

Paris, April 30.—Disquieting reports from Rome reached here late today. Conferences between Premier Orlando and American Ambassador Page are said to have been unsatisfactory. A number of anti-American demonstrations have taken place.

NO ACTION REGARDING RESPONSIBILITY OF EX-KAISER WILHELM

Paris, April 30.—Doubt has arisen whether the responsibility of the former German Emperor will be included in the peace treaty owing to the failure of the plenary session to take action on the report of the Council of Four recommending his prosecution which was on yesterday's agenda. Parliamentarians say that the council might still include its report in the treaty, but as the subject is one on which the plenary conference was ordered to report, inaction on the report prevents its inclusion in the treaty unless the secret plenary session of the conference directs further action.

THE TRANS-ATLANTIC FLIGHT POSTPONED

May Not Take Place For Two Weeks Owing to Weather Conditions.

St. Johns, April 30.—With another sudden change to bad weather the start of the trans-Atlantic flight of Harry Hawker, Australian, and Capt. Frederick Raynham, his British rival, may be postponed from two days to a fortnight hence, when the full moon may bring hopes for flying conditions. Out of a clear sky at breakfast time strong easterly winds swept down on this section of the Newfoundland coast bringing rain in its wake.

MORE CARE TAKEN REGARDING SETTLERS

Ottawa, April 30.—Hon. J. A. Calder's Immigration Bill and Major General Mewburn's Militia Department estimates occupied the attention of Parliament yesterday. While emphasizing the necessity of increased population and greater production that the waste spaces of the country may be filled, Mr. Calder recognized that there must be more attention paid in future to the class of people allowed to come into Canada while more must be done to make the new arrivals good Canadians than in the past.

ITALIANS VOTE CONFIDENCE IN THEIR PREMIER

Immense Majority, 382 to 40, is Given in Chamber of Deputies At Rome.

(Special by G. T. P. Telegraphs.)
Rome, April 30.—The Chamber of Deputies last night voted confidence in the cabinet by a vote of 382 to 40, the latter being cast by Socialists. The vote followed an address by Premier Orlando, which was constantly interrupted by applause and ended in an ovation in the Chamber, even the Tribunes joining.

Former Premier Luzzatti followed the Premier and was also applauded except by the Socialists, whose spokesman, Deputy Turati, explained why Socialists could not give a vote of confidence to the cabinet.

Paris, April 30.—The British Prime Minister has again intervened in the Italian situation by sending a trusted associate to communicate personally with Premier Orlando at Rome. While the desire is to conciliate Signor Orlando, the Premier is advised against the inclusion of Fiume under Italian control, as likely to make a settlement difficult, if not impossible.
