## WANTS STRIP OF ALASKA

Archbishop Du Vernet Suggests All-Canadian Route Into the Atlin Country.

The following letter has been received for publication:

To the Editor—Now that the Peace Conference has introduced to the very sensible idea of a corridor to allow a shut-in nation access to the sea we should press the Canadian Government to secure a corridor up Taku Inlet in Alaska to allow the Atlin District to have a Canadian sea port. A narrow strip of territory about twenty-five miles long would be quite sufficient, and as there are no settlers there at present there would be no complications as there would be at Skagway. The shortest and easiest way into the rich mineral region of northern British Columbia (once a road were made) is up the Taku river. The Taku and Nakina rivers form almost a direct line to Teslin Lake at the north end of which is the placer gold field lately discovered. It is well known that almost every creek in the Atlin district carries gold but inadequate means of transportation retards the development of the country.

The Government of the United States is now in a most friendly mood towards Canada, and a greater output of gold is demanded.

F. H. DU VERNET.

## BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

Port Simpson, B. C., April 18, 1919.  
Harry Hanson, Esq.,  
Prince Rupert, B. C.,

Dear Sir:

Your Hanson Hot Water Coil has been in our range for just one year, and in all this time it has been 100 per cent plus efficient. I use the "plus" advisedly for not only has the coil provided an abundance of not warm but HOT water at all times, but by placing the forty-gallon tank in our large ten by ten bathroom it has kept it cosy in the coldest weather.

Although our range is small, Mrs. Young informs me she cannot see that the baking qualities are affected in the least by the coil.

In your perfection of a modern household necessity, I congratulate you.

Sincerely,  
(Signed) R. B. YOUNG.
