## TEA DANSANT WAS VERY ENJOYABLE

Mrs. Crewe's Pupils Gave Fine Exhibition of Their Art at St. Andrew's Hall.

The "tea dansant" given in St. Andrew's Hall on Saturday afternoon under the auspices of the Ladies Auxiliary of the Great War Veterans' Association and managed by Mrs. Crewe, was a most enjoyable social event. It was well attended and everyone was pleased. The dancing of the members of Mrs. Crewe's children's class was excellent and did great credit to their instructress. Among those who provided tea tables were Mrs. McNeill, Miss Orchard, Miss Willett, Mrs. Clements, Mrs. Scaife, Mrs. Silversides, Mrs. Alexander, Mrs. Roy Clothier, Mrs. George Kerr and Miss Pringle.

Between the children's dances the adults had the use of the floor. Music was provided free of charge by Harvey's orchestra, consisting of Professor Harvey, Miss Stevens and Drummer Martin. As a result of the event the sum of \$125 was raised towards the erection of the Soldiers' Memorial.

## "THE LOVE SWINDLE" IS MODERN ROMANCE

Modern Mystery is Well Exemplified in Picture at the Empress Tonight.

"The Love Swindle" is the big feature at the Empress Theatre tonight. It is a modern romance and is full of mystery and excitement. The fascinating Edith Roberts is the star and too much cannot be said of the acting of this delightful girl. Those who wish to see something modern and something good will find "The Love Swindle" to their liking.

In addition to the big feature there is plenty of humor provided in the Nestor comedy "Ship Ahoy" with the famous laugh-maker, William Franey in the stellar role. The news of the world in picture is given in an up-to-date reel of current events.

## FRIENDSHIP SUBJECT OF A SERMON LAST NIGHT TO ODDFELLOWS

The value of friendships was the subject of an interesting sermon delivered to the Oddfellows at their annual church parade which took place to the Methodist Church yesterday evening. The spirit of mutual helpfulness was enlarged upon by the pastor, Rev. W. S. A. Crux. He also told of the way in which this was done by the Oddfellows who had spent no less than \$160,000,000 in helping widows and orphans and sick people since the order was founded on this continent.

The minister spoke of the friendship of David and Jonathan and of the particular need of friendship which endures even if it costs something. Friendship that stood the test when the friend was down, when he was in the wrong, and also during time of success, was something of value. One of the marks of friendship was putting the best construction on the actions and words of a friend.

There was a good turnout of local Oddfellows.

## It's rubbing soap on Blankets that shrinks and stiffens them

—And using ordinary soap to wash them

That was the old way of washing, and it was ruinous for woollens.

Wool fibre consists of tiny overlapping scales like the scales of a fish. When you rub or twist woollens, when you use ordinary soaps containing alkali or other strong cleansing agents, these tiny scales shrink and interlock, and your woollens become stiff, matted and shrunken.

With Lux there's no rubbing. Only sousing in the rich, pure lather, and gently pressing the suds through the soiled parts. Lux comes in delicate flakes, which dissolve instantly in hot water and whisk up into a wonderful lather. Lux is so pure, that it won't shrink even the delicate wool fibres.

Wash your blankets this year the Lux way! Have them like new again. Your grocer or department store has Lux.

# LUX

### How to wash blankets

Use two tablespoonfuls of Lux to a gallon of water. Dissolve in boiling or very hot water, whisk into a thick lather, then put the blankets in, and stir with a smooth stick. Let them soak till the water has cooled enough for the hands to bear with comfort. Then squeeze the suds through the blankets. Do not rub.

Rinse three times in clear water of the same temperature that you washed the blankets in. Dissolve a little Lux in the last rinsing water, but do not beat into a lather. This leaves the blankets softer and fluffier. Do not twist. Put through a loose wringer, or squeeze the water out. Dry in the shade.

## READ THIS TESTIMONIAL

Port Simpson, B. C., April 18, 1919.

Harry Hanson, Esq.,  
 Prince Rupert, B. C.,

Dear Sir:

Your Hanson Hot Water Coil has been in our range for just one year, and in all this time it has been 100 per cent plus efficient. I use the "plus" advisedly for not only has the coil provided an abundance of not warm but HOT water at all times, but by placing the forty-gallon tank in our large ten by ten bathroom it has kept it cosy in the coldest weather.

Although our range is small, Mrs. Young informs me she cannot see that the baking qualities are affected in the least by the coil.

In your perfection of a modern household necessity, I congratulate you.

Sincerely,  
 (Signed) R. B. YOUNG.
