Bavarian Couple Are Expected in Old Type of Metal Seeker in Thi Canada Shortly

TOKYO, Aug. 9:-A young couple who are now in the seventh year of their honeymoon journey around the world expect shortly to arrive in Canada for a leisurely trip across the Dominion.

They are Mr. Franz Hecker and his wife, Ernestine Hecker, who left Munich, Bavaria, on August 25, 1925 a few days after they were married, and have been travelling ever since by bicycle. They have just arrived in Tokyo from Nagasaki and Kobe.

Their most pleasurable experiences throughout their whole trip so far, Mr. Hecker said, have been n India, but they are looking forvard to enjoying a trip through Canada, and spoke enthusiastically of what they have heard of its wonderful scenery-at its best in sum- ity I'm going back to the Yukon mer for travellers such as they are, they think. They also expect to tour parts of the United States.

Though their travels so far have been replete with encounters with brigands, wild animals, head-hunters and obstinate officials, the young couple thirst for more adventure, and they are hoping to be able to obtain a seaworthy motorboat by which to cross the North Pacific, skirting Hokkaido, the Kuriles, the Aleutians, Alaska and the west coast of Canada.

#### Tough Country

"It's a tough country and it takes a man with patience and a constitution to stand it. The paystreak lies in a gigantic valley at the head of the Pelly River. There has never been a hole sunk in the ground. It is virgin soil, pure, gold-bearing ground richer than the dreams of men, I could take a pan and get! colors anywhere-right on the surface. But the place is so far remote, so far up the river, obstructed by so many portages and mountain ridges that a man is worn out before he reaches there. That is by the old way of prospecting where a man had to pack and repack his supplies for hundreds of miles. I've had my share of that in the Yukon. I'm too old a man to tackle such a job as that any more. But I'd go LOS ANGELES, Aug. 9:-Natalie there by plane in a minute if I had,

Daily News Want Ads.

### The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

### Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opoprtunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

### Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.
