

SPECIALIST SAID HE MUST OPERATE

She Took "FRUIT-A-TIVES" Instead, And Is Now in Perfect Health.

MME. F. GAREAU

153 Papineau Ave., Montreal.
"For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This, I refused to permit. I heard about 'Fruit-a-tives' and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it. The first box gave great relief; and I continued the treatment, taking six boxes more. Now, my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-tives' my warmest thanks."

POSSIBILITIES OF STEWART AND ALICE ARM

Minister and Member Visit District in Connection With Suggested Government Road.

Hon. T. D. Pattullo and Frank H. Mobley, M. P. P., who have just returned from Stewart and Alice Arm district speak glowingly of the outlook in that district this year.

The steamer Prince John arriving there Sunday took in sixty-five passengers, while the Albert arriving on Monday carried 27 head of stock for packing purposes and a heavy consignment of goods.

The general interest in the district is very keen and it is now felt that the camps have been sufficiently developed to put the future beyond peradventure.

During last session when south attending to his legislative duties Mr. Mobley brought to the attention of the government the necessity of making ample provision, from a governmental standpoint, to properly cope with the situation which is developing and the visit of Mr. Pattullo was made with a view to having a member of the government get first hand knowledge.

Keep Trade Canadian.
In order to insure that all possible trade shall be retained on the Canadian side, the government is constructing a road from the end of the wharf at Stewart to Hyder to connect up with the road there. This will give Stewart access to the wonderfully rich properties on the Canadian side of the Salmon river. The new road is a costly piece of work as there is some heavy cutting to be done, but it is realized that in order to retain the trade for home merchants the work must be done.

It is expected that the Alice Arm situation will be cleared up within the next month and work should start there on an extensive scale at an early date.
The north seems to be coming into its own.

TWO BIG FEATURES AT THE EMPRESS

Powerful, Dramatic Photoplays Make Splendid Program For Tonight.

There are two big features at the Empress Theatre this evening, when "The Business of Life" and "Wanted, a Mother" will both be screened. Both of these features are five reel pictures, and in "The Business of Life" will be seen a story that is straight drama, and one of the strongest that Robert W. Chambers has ever written. It is absorbing and holds the attention of the audience from the first flash to the final fade-out. This picture is characterized throughout by wonderful lighting effects. Alice Joyce is radiantly beautiful and her role gives her ample opportunity for dramatic expression.
