MARKET PRICES REMAIN FIRM

New Fruits Coming in With Changing Season—Flour Being Out.

With the exception of flour, one of the features of the local market this week is the firmness in most staple products. Eggs, butter and sugar are showing no tendency towards a drop in price, and, if anything, it is expected by the larger merchants that sugar, if it does change at all, will go higher yet. The low price of flour has a local significance only as some of the merchants seem to like to sell it for less than they pay for it.

With the advancing of the season new lines in fruits are coming in. New cherries arrived today and Mediterranean oranges—the kind with the pips—have arrived. The season for these does not last long. Local rhubarb is showing and is good at 10c., while California grape fruit is very much better in quality than heretofore, and seems to be ousting the Florida variety.

The average prices indicated are as follows:

NEW WASH PLANT

The Granby Consolidated Smelting and Mining Company is building a 1,000-ton washing plant at its new coal mine at Cassidy on Vancouver Island. Work has just started under the direction of R. R. Wilson, general superintendent of the company. The engineering plans of the work are in the hands of the Taylor Engineering Company. The cost of the undertaking is estimated at \$150,000.

FARM LOANS for SOLDIERS

How Returned Men Can Become Farmers

EVERY returned man who wants to become a farmer and is qualified for that vocation can get real, practical help through the Soldier Settlement Board.

The Government's programme includes:—

- (1) The securing of land.
- (2) The loaning of capital needed to purchase equipment and live stock, and erect buildings.
- (3) Agricultural training and farm supervision.

The Loans Granted

Loans may be approved by the Loan Advisory Committee, according to the needs of the settler, on the following basis:—

- (1) Up to \$4,500 on the purchase of land.
- (2) Up to \$2,000 on the purchase of live stock, implements and other equipment.
- (3) Up to \$1,000 on the erection of buildings and other permanent improvements.

The first and third are repayable in twenty-five equal annual instalments; the second in four equal annual instalments beginning the third year, no interest being charged for the first two years.

On all these loans the low interest rate of five per cent. will be charged. A cash payment of ten per cent. of the purchase price will be required on the land—but this may be waived by the Board in special cases.

Qualified settlers on Dominion lands may secure loans up to a

maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

To Whom Granted

To be entitled to these privileges a man must have served with an honourable record in the Canadian, Imperial, or British Colonial forces in an actual theatre of war or outside of the country in which he enlisted (service in U.S. or Bermuda not included). Others eligible are:

A British subject who lived in Canada before the War and who was on active service with the Allied Forces in an actual theatre of war.

A member of the Canadian Expeditionary Force who served in Canada only, but is in receipt of a pension for disability occasioned by such service.

These benefits are also granted to widows of such men.

A Broad Policy

All soldiers whose best interests will be served by taking up farms will be assisted. Only suitable land will be approved. That is (a) land that is near to existing railways or organized communities; (b) land that will make money for the soldier; (c) land that will provide a first-class home.

In addition to these advantages the Board has planned a system of collective purchase, so that it can guarantee settlers the best value obtainable anywhere in live stock, implements, lumber, and other needs. It will also assist soldier settlers with advice and supervision, if necessary, in the management of their activities, so that the best results will be obtained.
