Prince Rupert Pupils Make a Good Record.

All the Prince Rupert pupils have passed their examinations successfully at the University of British Columbia. One has secured a scholarship and one leads his class. This is an excellent record. It shows that the groundwork at the local schools was well laid and that the pupils have ability and strength of character to carry on.

All Prince Rupert people will be pleased to hear of the success of the young people and the News joins in extending congratulations.

Mackenzie King Studies Conditions.

W. L. Mackenzie King, who was minister of labor in the Laurier cabinet, has gone to England to study reconstruction problems, especially as they affect labor.

Mr. King has a great deal of ability as an investigator and as a writer. His book "Industry and Humanity" is looked on as an authority on industrial conditions. He is also an able speaker and a good many Liberals still look to him as the man who is best able to lead the party.

Women No Longer Silent in Church.

Even the churches are being liberalized. Women were allowed as delegates at the Methodist conference at New Westminster this year for the first time. The local delegate, Mrs. M. Kergin, was given a seat with the other lay delegates, along with nineteen others.

This is a distinct gain. It shows that the precept of Paul that women should keep silent is not being obeyed literally just as the mandate to turn the other cheek is not obeyed.

There are certain things that common sense tells us are wrong no matter where they are written. It is possible that Paul fell in with some women who talked too much, just as there are said to be such women in these days. Under these conditions he probably wrote them to keep silent in the church and give the men a chance. That does not mean that all women for all time must keep quiet. They do not do it anyway, even the most religious of them, and they never will.

The state has now recognized the right of women to take their place in the councils of the state, and the church, which is supposed to lead and advise fellows when it finds its position untenable.

The News is not taking a position antagonistic to the church, but feels that in this case it must draw attention to an anomaly. We are glad to see the church following when it cannot lead.

The Flyer is New Monthly.

It is a clear indication of the general trend of affairs that a new magazine devoted exclusively to the interests of flying should be issued at Vancouver monthly. The second number of "The Flyer" has been received and is a very creditable production. The editors are Lieutenants Cornyn, Templeton, Brooks, and Fenton and the work is endorsed by the Air Service Association of British Columbia.

Experience From Two Sides

One letter was from a young lady that has something to do with a grocerteria. She says that they sell more Pacific Milk than all the others put together—and there has never been a complaint. And she further adds that they use it at home, and so from personal experience she can say its flavor is more like fresh cream and does not give an unpleasant taste to cooking.
