Official Administrator.

**Your Eye  
is Like  
a  
Camera**

THE eye is an optical instrument, similar to a camera in construction, and, like a camera, its intricate system of lenses is sometimes disarranged, so that an improper focus results.

IT is our business to find out if the eyes are in perfect visual condition, and to grind lenses that correct all slight deficiencies.

LET us help you to clear comfortable vision, with a pair of suitable glasses.

IT is an investment well worth considering.
