One Big Union Soon in Force.

The One Big Union seems likely to be a going concern soon. A large majority of the workers have voted for it and a convention is to be held at Calgary early in June to perfect plans for the new organization.

The new plan of organization is an experiment. It may be a success or it may be a failure, much will depend on the constitution that is drawn at Calgary and the way in which its provisions are carried out. If it is handled wisely it may prove of value to the workers and employers. If it has the effect of preventing strikes it certainly will be a good thing.

There was a time when British people objected to the men joining international unions because it was said that they were controlled by foreign agitators. If the One Big Union comes into being this will be an impossibility for the institution will be purely Canadian and the dues will be kept in Canada.

Whether the unions will be stronger under the new organization than the old remains to be seen. Some people think there will be little real difference. It is an experiment and it is hoped will be an advantage to everyone.

Splendid Address At Board of Trade.

Judge Young gave some first rate advice to the members of the Board of Trade at the luncheon yesterday, advice which is good for everyone. He inferred that much of our success depended upon our mental attitude towards our surroundings. If we think success, success will come to us; if we think failure it is almost impossible to succeed. His suggestion is that we shall cultivate the broad outlook, the spirit of optimism and the spirit of unity, learn to eliminate the small worries or at any rate to allow them only their proper proportion.

Everyone who attended the luncheon yesterday came away feeling what a good lesson the Judge had given to the other fellow. One member expressed this by suggesting that the press should give the speech the widest publicity. We are all apt to see the goat squirming around in the other man's optic, but when the hornet buzzes around in our own it is hardly noticeable. How many today remember their own weak spots that the Judge probed? How many remember the advice which is particularly applicable to their cases?

If we take home the kind of talk given yesterday, it has value. If it only sets us using the binoculars on the faults of our neighbors it does nothing more than create Pharisees, who say as they gather their robes of holiness around them: "Lord I thank Thee that I am not as other men. I am not a hidebound politician, I am always prepared in a business way; I am an optimist when it serves my purpose, I do not even let the rain interfere with my making money, I am public spirited if it does not cause me any effort."

Without doubt the address was an excellent one and was exceedingly timely. The Board of Trade is to be congratulated on making so good a start with their monthly luncheons.

Prince Rupert in The Public Eye.

It is no wonder that Prince Rupert is in the public eye. When figures are published abroad like those used in this paper yesterday in regard to the harbor output, it is no wonder that we attract attention. Out of a total catch on the coast for the month ending April 24 of 4,231,171 lbs. there was landed at Prince Rupert no less than 2,070,500 lbs. or nearly half the entire catch of the coast. No wonder the people here are optimists.

Prince Rupert Suffers For Sins of Winnipeg.

Prince Rupert is suffering for the sins of Winnipeg. Somebody in Winnipeg started a strike. We do not know anything about the merits of the case, but we do know that the whole city there has been tied up in a business way for nearly two weeks. Now the strike has spread to Prince Rupert. If this sort of thing is to continue we shall have strikes every other day. Whenever there is a disagreement in any part of the country, work here will stop. That certainly will curtail the output throughout the country.

You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in a daily newspaper), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to the land or to the proceeds sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Thomas McManamon unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.
