STATED WORK WILL BE DONE AT RUPERT

Albert Bringing Spare Propellers
North—Said Drydock Will
Handle G. T. P. Boats
in Future.

The Grand Trunk Pacific steam ship Prince Albert is now at Esquimalt loading 16,000 cases of empty salmon tins at the Empire Cannery for Inverness Cannery, on the northern British Columbia coast, says the Victoria Colonist of recent date. At noon today she will come around to the Grand Trunk wharf and pick up several spare propellers. These are extra parts for the Prince George and the Prince Rupert. It is understood that as the drydock at Prince Rupert now has sufficient men working there continuously to do all repair work and overhauling of the Grand Trunk boats—this will be done there in future instead of at Victoria, and for this reason the propellers are being taken north.

The Albert loaded steel at Vancouver for the new shipyard at Rupert. She will be filled up when she sails for the north.

EXCITING SCENES AT EMPRESS TONIGHT

Jerome Van Oosten, a wealthy New Yorker, jilted by Sylvia Stone, a queen of the follies, takes to drink. He sees a beautiful Italian girl, Rosie Sanguinetti, whose mother would marry her to Antonio Mosconi, a barber. Rosie is fleeing to the Settlement House for help.

Jerry knows Richard Carr, the head worker. He finds Rosie pleading in broken English that Carr find someone to marry her or marry her himself to save her. She accepts. They are wed. Jerry takes her home. He puts her to bed in his room and sleeps elsewhere.

There are many exciting scenes in this play before the end. It is the feature at the Empress tonight.

LONDON TRUTH GETS AFTER COLONEL PECK

London, May 28.—In a recent number of Truth there was an article strongly criticizing Col. Peck, V. C., for his strictures upon Sir Charles Ferguson, who put Cologne out of bounds for the Canadians. Col. Peck now writes to Truth declaring it is an unwarranted falsehood to state that he "threw mud at the British army."

"What I did," writes Col. Peck, "was to point out that certain sections of the British press seized on every incident of irregularity in connection with the Canadians, and blazoned it to the world, while even more serious things had happened in the British army."

Truth, replying to Col. Peck's letter, today, alleges that he said that in 1917 he was in a town where 14,000 British troops were in open insurrection, and 4,000 Canadians were called in to guard railways and bridges. This, says Truth, is mud-slinging, and it is incorrect to say that the British press has given more prominence to outbreaks of colonialism than among home troops.

Queen Charlotte Islanders cannot do better than mail their printing needs to The News Print shop and get the work done promptly and well.

FARM LOANS for SOLDIERS

Cheap Implements, Livestock and Harness

THE Soldier Settlement
Board has arranged with manufacturers of implements and harness to give soldier settlers a wide choice of first class implements at prices substantially below those quoted to civilians; and in the Prairie Provinces the United Grain Growers, Limited, will give soldier settlers special prices on implements, wagons, and other commodities.

By collective buying in large numbers for cash, it can also offer soldiers the lowest possible prices on horses and other live stock.

It can supply a good harness set for approximately \$31.50 at point of manufacture.

All these concessions are in addition to the Board's offer to secure for the soldiers good

land, conveniently located, and to give financial assistance in the way of loans to establish them on the land.

Land and Loans

With certain exceptions, a soldier who has served with good conduct in the Canadian, Imperial or Allied forces in an actual theatre of war or outside the country in which he enlisted (or widow of any such man) may secure loans to purchase land, live stock and equipment and erect buildings—

- (1) Up to \$4,500 to cover the cost of the land and discharge encumbrances.
- (2) Up to \$1,000 to erect buildings. Both these loans to be paid on the instalment plan. Payments extending over 25 years.

- (3) Up to \$2,000 to buy implements, live stock, and equipment. The soldier will begin to pay off this loan in the third year, and will have four years to pay.

Only five per cent. will be charged on these loans.

A cash payment of one-tenth the price of the land will be required, except in special cases.

Qualified settlers on Dominion Lands may secure loans up to a maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

If you figure you have more than a fifty-fifty chance to make good as a farmer, write to your Provincial Superintendent at Rogers Building, Vancouver, B. C.
