CAPTAIN P. RORVIK SELLS ROSE SPIT

John Hansen Purchases Halibut Boat Well Known at This Port.

The halibut fishing boat Rose Spit has changed owners. On Sunday a deal was completed by which the well known craft becomes the property of John Hansen, formerly of the Nornen.

Capt. P. Rorvik, who was the former owner of the little vessel, used her this spring in the herring fishing at Stephens Island. The boat is 49 feet long with a 12 foot beam.

CANADIAN PACIFIC AIRPLANE SERVICE

President of Company Says He Expects to Have Mail and Passenger Service.

"The Canadian Pacific Railway Company is fully alive to the great commercial possibilities of aircraft in the future transportation problem of Canada, and we are keeping abreast of developments," said E. W. Beatty, K. C., president of the C. P. R., at Victoria when asked what steps, if any, the great railway corporation is taking to include within the scope of its operations an aerial service in connection with its railway and steamship enterprises.

"Only yesterday I received word that the necessary legislative authority for the company to enter upon aerial transportation had been granted by the Dominion Parliament, and we will promptly proceed to the working out of plans whereby we hope to inaugurate a mail express and ultimately a passenger service in connection with our other services."

Mr. Beatty explained that he did not mean there would be an immediate aerial service established. But, he stated, the practicability of such a service is now recognized and undoubtedly within a comparatively short time the airplane as a commercial proposition would be greatly improved. It was a development that could be said to have arrived, and undoubtedly would be steadily improved.

ATTRACTIONS AT NEXT FALL FAIR

The sports and attractions committee of the Agricultural Association met last night and made recommendations regarding these things that make a fair a fair. Among others, there will be sports for the children, baseball and football for white and Indian teams, war canoe race, tug-of-war, a grand parade, a street fair, along with some aeroplane stunts.

The proceedings will wind up with a grand masquerade ball.

STEWART

George Cameron came down from the Premier mine up the Salmon River Valley last week and reported that during the mining operations he drove his pick into the face of the tunnel and it stuck—in solid silver. Some beautiful samples of silver ore from this mine are being exhibited around town. Among well known mining men who visited the mine during the week were H. B. Price of New York, W. H. Young of San Francisco, and W. W. Warren of Butte.

The following new directors of the hospital were elected at a meeting of the Stewart Hospital Association Friday night: W. B. George, W. C. Cameron, Roy Moseley, H. P. Gibson and J. Cullins. Immediate steps will be taken to reopen the hospital and to secure a medical man for the district. The hospital building is in good condition according to a report made by Government Agent Jack. The equipment is as modern as possible for a town of this size. The institution is ready to be opened as soon as a doctor arrives.

Harry Howson during the week crossed the Big Missouri range to the Forty-Nine group and brought back ore which when assayed went 359 oz. silver and \$120 in gold to the ton.

It is just as cheap to get your printing done well and done at home as it is to send it away. Try The News Print Shop.

WILLIAM S. HART AT THE WESTHOLME

Famous Screen Favorite to be Seen Here in "The Riddle Gawne."

William S. Hart, one of the great favorites of the screen, is the star at the Westholme Theatre this evening. He appears in a great six-part production "The Riddle Gawne." This is a powerful play, and is certain to attract good houses.

William S. Hart himself is an attraction of no mean order. He has the knack of obtaining the confidence of his audience right from the first, and has the goods to back up his popularity.

In addition, there will be a two-reel comedy, a Fox comedy entitled "Social Pirates." These Fox comedies have already become famous and are well worth seeing.

MAE MURRAY HERE IN "HER BODY IN BOND"

A six-part feature, "Her Body in Bond," is the feature tonight at the Empress Theatre. Mae Murray is the star and the drama, which is somewhat of a problem play, is intensely interesting.

This play has been shown throughout the big centres and wherever it has gone it has drawn crowded houses.

The eighth episode of "The Woman in the Web" is even more interesting than previous instalments of the story.

The Union Steamship Camosun arrived in port at 5:30 yesterday afternoon from Anyox and left for Vancouver at 8 p. m.

Never forget to look through the classified list on Page 5.

WILLIAM S. HART
"The Riddle Gawne"
An Ancient Drama

Showing to-night at the Westholme Theatre.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records will be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he registers land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; but may be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes areas exceeding 50 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSHIP PROPERTY ALLOTMENT ACT

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to
G. R. NADEN,
Deputy Minister of Lands,
Victoria, B. C.
