WINNIPEG IS AGAIN UNDER RULE OF REVOLUTIONARY SOVIET AND EVERYTHING IS TIED UP TIGHT

**Restaurants and Other Food Vendors Not Allowed to Operate;
Returned Soldiers Parade Through City; Premier Norris
Promises to Bring to Justice man who
Started Soviet There.**

(Special to The News via G. T. P. Telegraphs.)

Winnipeg, June 5.—The strike committee has issued an order calling out all workers in the few restaurants operating during the last week. All were closed at 11 o'clock yesterday. Orders have also been given calling off all milk wagons beginning today. Motion picture theatre operators and stage hands also go off duty today.

The Labor News is gleeful in today's issue over the backdown of the Police Commission on Tuesday.

The city is again under soviet rule directed from the labor temple. No daily papers are allowed to be sold on the streets. Three thousand returned soldiers marched through the streets today to the parliament buildings and to the city hall to announce their intention to uphold law and order and constituted authority. The labor temple strikers organized a parade of large proportions but they kept away from the line of march of the returned soldiers.

At the parliament buildings Premier Norris addressed the soldiers in reply to a resolution they submitted in which they said they were with him and all constituted authority. Norris assured them he would do all in his power to meet their demands to deport alien enemies, reduce the high cost of living and bring to justice the man who attempted and partially succeeded in putting a soviet government into force in Winnipeg.

EDMONTON DELEGATES GO TO HELP GET SETTLEMENT OF THE WINNIEGEG DISPUTE

**FIFTEEN UNIONS HAVE GONE OUT IN SASKATOON;
EFFORTS BEING MADE TO END CONFLICT BY
SENDING INFORMATION EAST**

(Special to The News via G. T. P. Telegraphs.)

Edmonton, June 5.—To take a hand in bringing about a settlement of the Winnipeg situation the Edmonton strike committee has been asked by Secretary Robin of the Winnipeg strike organization to send delegates to the Manitoba capital.

Edmonton is complying with the request and two representatives are to proceed east presumably on Thursday evening's train.

The Winnipeg telegram is as follows: "Advisable that you send in delegate or delegates at once to Winnipeg to act with the strike committee here so that they will be able to send east the necessary information and take a hand in bringing about a settlement. Wire reply."

According to a telegram received Wednesday by the strike committee, fifteen unions have declared a strike in Saskatoon. Twelve hundred men are affected.

POPULAR LOCAL PEOPLE MARRY

**Miss Hilda Curtin Becomes the
Bride of J. B. Roerig, Both
of This City.**

Salt Lake City, Utah, June 5.—The wedding took place here this morning of Miss Hildegrade Ursula Curtin and Joseph Blaine Roerig, both of Prince Rupert, with Rev. Father Morgan officiating.

The bride looked very beautiful as she was given away by J. A. McIlwee and attended by her bridesmaid, Miss Marguerite McIlwee. The groomsmen were J. D. McAuley of Prince Rupert, who visited Salt Lake City especially for the occasion.

Among those present were Mrs. Des Rosier, a sister of the bride, and Mr. Roerig's mother.

The wedding breakfast, which was an elaborate affair, was served in the President's suite at the Hotel Utah. Mr. and Mrs. Roerig left later for San Francisco and after a tour of California will return to make their home in Prince Rupert.

LOCAL LONGSHOREMEN CALLED OUT TODAY

Just after the Princess Ena arrived yesterday, when the Longshoremen were about to commence discharging her cargo a telegram was received from Vancouver calling the men out on strike. They responded at once. This afternoon at the time of going to press they were holding a meeting to consider whether or not they should go back to work.

Is the Day of Miracles Past?

Statement to the Public

Some adverse criticism seems to have been made by certain individuals against the formation here of the Citizens' Committee. Those who have formed themselves into this association regret that there should be the least misconception as to the objects of their organization and they want it made clear to the public that they are strictly non-partisan and neutral in any controversy that may occur between employers and employees.

Anyone who has followed in the press the conditions that have obtained in Winnipeg during the strike there must know that certain radical actions and usurpations of authority were taken, and that the orders promulgated, and the assumptions of supreme authority, were such as no liberty-loving people could long tolerate.

The orders that are alleged to have come from those who assumed this control were such as to work great hardship and much suffering on many people who had no direct interests in the dispute between the parties at issue.

Many abuses against personal liberty put in force during the early days of the Winnipeg strike will be recalled by those who followed the published accounts of the happenings there.

It is said that some of those who were active in fomenting trouble in Winnipeg are masquerading under English names, but whose real names indicate that they are men who should long ago have been interned for the period of the war—and the war is not over yet.

It is to combat just such things—just such interferences with personal liberty—that the local organization has been formed by men who have the best interests of the community at heart and who are resolved to support law and order in the event of a general strike here and any lawless element attempting to take advantage of the opportunity to usurp the authority properly vested in those elected to administer the affairs of the city.

The committee wishes to reiterate in the strongest terms that they have no grievance, no prejudices, and are not in opposition to any other organizations whatsoever, be they labor organizations, or employers' organizations, or that they contemplate any interference with any legal actions of any organization.

THEY ARE MERELY NEUTRAL. Their purpose is solely to uphold the authorities in administering right and justice to all.

EARLY STRIKE SETTLEMENT EXPECTED BY RAILWAYMEN TYPOS REFUSE TO GO OUT

**POSTAL EMPLOYEES LOCKOUT AT CALGARY MAKES THE
SITUATION MORE SERIOUS—RAILWAY UNION
HEADS URGE LOYALTY TO
EMPLOYERS.**

(Special to The News via G. T. P. Telegraphs.)

Calgary, June 5.—The situation here is looking more serious following the lockout of the postal employees backed by Premier Borden. The Premier wired from Ottawa that the strikers who disobeyed orders would not be taken back.

The bricklayers have voted to walk out on a 24-hour strike as a protest. Beyond that the local strike has made no progress since its inception.

The electrical employees are expected to take another vote, this time on the postal workers' proposition.

The Typographical Union, embracing all newspaper and printing shop workmen, voted against striking in sympathy with Winnipeg.

Ash Kennedy and other heads of the Railwaymen have issued a further communication to the various executives in which it is pointed out that the interests of the workers now struggling for a principle of right can be best served by loyalty to their employer and their organization. This has been the outcome of the misleading reports that were claimed in some quarters regarding the action of the big six. The communication referred to states that mediation was not being conducted and there was every reason to hope for an early settlement in justice to all concerned.

Major D. D. Young, who has resigned from the provincial forestry department, has been appointed general manager of the Taylor Mining Company and Major Angus W. Davis, late of the Consolidated Mining and Smelting company of Trail, will be superintendent of the mines. R. B. McGinnis, formerly of the Dolly Varden staff, will remain with the company and H. B. Browning has been given the post of accountant and storekeeper.

It is the intention of the Taylor Mining company to complete the railroad from the mines to tide water and then ship the 20,000 tons of ore which is ready to be moved as soon as transportation is available. The company has a fleet of ore carriers arranged to bring the product of the mines to the smelting centre.

The Taylor Mining Co., recently organized to take over the proposition, has as its directorate A. J. T. Taylor, of the Taylor Engineering Company; R. P. Butchart, president of the B. C. Cement Company; C. M. Rolston, local manager of the Imperial Oil Company; J. F. Tener, manager of the Pacific Lime Company, and H. C. Chiene, of the firm of Buttar and Chiene.
