STRIKE MAKES LITTLE CHANGE IN SITUATION

Workers Quit Last Night at
6 P. M. at Behest of Strike
Committee.

Last night at six o'clock the general strike, so called, started in this town. The fish packers were the first to go out. The shift went on at the cold storage at six and promptly at six stopped work, leaving several hundred pounds of fish on the floor. It is expected that they will return to work for a short time to prevent the waste of this food. This morning a number of the men failed to return to work. The sawmill, however, continued as usual this morning and from outward appearances one would have known that there was a general strike in the town.

The teamsters are at work as usual, and work is proceeding on the building operations in various parts of the city.

Inquiry at the drydock brought out the fact that a few of the workers had remained away this morning, but otherwise work was proceeding much as usual.

Those not on strike officially are the electricians, carpenters, mail clerks and members of the geographical union.

At a meeting of the Machinists held last night it was decided to go off work for two days pending the general meeting on Friday evening when it will be definitely decided whether the members of this union will join in the sympathetic strikes or not.

ASSESSED THROUGH WITHOUT A SCRATCH

Arthur Hamblin Returned
After Three and a Half
Years Overseas.

Pte. Arthur Hamblin of this city returned home last night after spending three and a half years overseas right in the thick of the fighting. He was most of the time connected with the Red Cross service with the Sixth Brigade Field Artillery. Although he came through without a scratch, he is one of seven brothers who served during the war.

Constable W. Adams of the city police force left for Vancouver via Rainbow this morning. He is accompanied by Mrs. and Miss Adams and will enjoy a short and well earned vacation before returning to resume his duties here. On reaching Vancouver Mr. Adams will identify George Smith who was lately sentenced to six months in the provincial jail for breaking away while out on bail. The sentence was pronounced in the local court when the culprit failed to report when his case was called.

BLEW UP TRAIN IN ALPS TUNNEL

Anarchists and Secret Agents on
Trial at Zurich — Tried to
Block Mont Cenis Tunnel
During War Time.

(Special via G. T. P. Telegraphs.)

Zurich, June 11.—Remarkable disclosures have been made here during the trial of a gang of anarchists and alleged foreign secret agents. It was testified that an anarchist band blew up a train in the Mont Cenis Tunnel during November, 1917, on which train there were hundreds of French soldiers returning from Italy on leave.

It was also alleged that the large sums of money which the Hindu leaders had spent so freely in propaganda work for the past decade and particularly since 1914 was supplied not only by Berlin but by the Hindus in America, especially in California.

FIRE DEPARTMENT BEAT MACHINE SHOP FIRE

Prompt Action Saved Valuable
Machinery from Destruction;
Blaze Quickly Conquered.

Shortly after half past eight last evening, an alarm was rung in from the Imperial Machine Shop near Cow Bay, which had caught fire. Upon the arrival of the brigade, flames had caught a good hold at the back of the shop and were spreading rapidly. It was not long, however, before the blaze was brought under control and finally extinguished.

There were two tanks of oxy-acetylene gas in the building used for welding work, and grave fears were entertained for a while that the heat might cause them to explode. This, however, was prevented and not even the glass dials on the faces of the meters on the tanks were found to be broken.

The loss, which is not yet estimated fully, is partly covered by insurance. Being confined to the back of the building, none of the machinery was damaged, although some belting and pulleys were damaged. The prompt action in saving the roof prevented it from falling in, which would have caused great damage to the machines. As it was a new five h. p. motor and several expensive tools were destroyed.

HON. C. C. BALLANTYNE WILL VISIT RUPERT

From information received by Commissioner Tinker of the Board of Trade, it is learned that the Hon. C. C. Ballantyne, Minister of Marine and Fisheries, will pay a visit to the coast during the month of September, travelling via Prince Rupert. Col. Peck, during his address to the Board of Trade recently, mentioned the necessity for the ministers at Ottawa seeing Prince Rupert and its problems for themselves, and his suggestion has apparently been acted upon.

POLICE COURT

Before Stipendiary Magistrate McMullin in the police court this morning William Brown and Geo. McDermont were both charged with vagrancy and sentenced to thirty days in the city lock up. There were also two cases of drunkenness, one man being fined \$15 and the other will come up again tomorrow on a more serious charge if further information can be obtained.

PROFIT SHARING IS EXPERIMENTED WITH

Farm in Alberta and Industrial
Concern in Toronto Both
Have Plans.

A profit-sharing scheme for farm labor has been announced by the Noble Foundation, of Nobleford, Alberta, which was organized as a company seven years ago, says the Labor Gazette. This company is offering employment to experienced farm laborers and teamsters at the following rates: April to July inclusive, \$65 per month; August to November inclusive, \$75 per month, with a bonus of 20 per cent on the amount of money earned, for those who give good satisfaction and remain through the fall season. In addition to this, not later than thirty days after December 31, the company will pay a dividend on the wages earned, at the same rate as the dividend paid to shareholders, which has averaged 20 per cent since its organization. It is further proposed to pay an extra ten per cent bonus to those who return the following year and complete the season of 1920. A few men will be retained on each farm at winter rates of wages, and a bonus and dividend will be paid to them in the same proportion.

The Robert Simpson Company of Toronto, a large departmental store, has recently announced a profit-sharing plan for the benefit of its employees. Any member of the staff who has been a year with the store may, if he desires, participate in the scheme, in which event he must deposit to the credit of the firm five per cent of his salary up to the maximum of one hundred dollars a year. This limit is set so that the higher paid employees shall not benefit disproportionately. To these savings of the staff the company will add annually a sum equal to five per cent of its net earnings. The deposits will be invested for the benefit of the participating employees. Participants completing ten years of service will be permitted to withdraw their deposits with all interest and profits. Those leaving before completing their ten years' service will be entitled only to the amount of their deposits plus five per cent interest, save in the case of a woman leaving to be married after five years, who would be entitled to the profits as if she had completed ten years' service. In the case of death, beneficiaries will also receive the accrued profits as though the deceased had completed the ten years' term.

KETCHIKAN BENEFITS AT RUPERT'S EXPENSE

Unsettled Conditions Result in
Fresh Fish Catches Purchased
Here Going to Ketchikan.

Today's fish arrivals are very small and nearly all the fish which was sold yesterday was for points away from Prince Rupert. The Gjoa, 14,000 lbs.; Bayview, 9,000; M. M. Christopher, 7,000, and the Nuba, 10,000 lbs. were bought by the Atlin Fisheries at 10c and 5c for delivery at Ketchikan. The Venus, 15,000 lbs., and Norma, 4,000 lbs., sold to the Pacific Fisheries for 10c and 5.2c. The National Fish Co. bought the catch of the Speculator amounting to 12,000 at the same price, also to be delivered at Ketchikan. The Satsuma, 5,500 lbs. and the Haysport 17,000 lbs. were bought by Jack Donnelly for 8c straight. These two boats will discharge their fish at Butedale.

The Geo. Foster returned to port yesterday with 85,000 pounds of ground fish for the Canadian Fish & Cold Storage Co., Ltd.

FAST BALL GAME WAS PLAYED LAST NIGHT

Colts Won From Sons of Canada
By 8 to 7—Large Attendance of Fans.

In the baseball game last evening played on the Acropolis Hill grounds the Colts won from the Sons of Canada by a score of 8 to 7 in an exciting 11-inning game. Matheson did the twirling for the winners and Day and Harry Lauder took their turn in the box for the Canucks.

Anderson, the fast stepping short stop, was the fielding star of the game, pulling down a couple of fast drives, both of which would have counted for at least two bases. There was fine stick work throughout. Nearly two hundred fans attended and none of the players were spared from criticism and encouragement.

There have been no replies as yet to President Ben Self's challenge to any team north of Vancouver. The date of the next match between these two teams which now hold equal honors will be announced later.

I. W. W.'S REINDICTED

Special Grand Jury Finds True
Bill on Charge of Conspiracy
Against U. S. Government.

Wichita, June 12.—Members of the Industrial Workers of the World, who have been in jail for more than a year awaiting trial, and who succeeded in having the indictments against them quashed, have been reindicted by a special grand jury on charges of conspiracy against the Government of the United States. The group accused consists of fifty-two members.

V. C. CONSTABLE SHOT BY ALIENS IN WINNIPEG

First Clash Occurs Between the
Strikers and Special Con-
stables—One Injured;
Others Hurt.

(Special via G. T. P. Telegraphs.)

Winnipeg, June 11.—The first really serious conflict between the forces of law and the strikers and the strike sympathizers occurred yesterday afternoon in Winnipeg at the corner of Portage and Main Street, resulting in one mounted constable being rather seriously injured and others being hurt. A number of arrests have been made.

While performing his duties as a special mounted constable Sgt. F. G. Coppins, V. C., was attacked by the striking aliens. He received two bullets on the right side of his chest and his ribs are badly injured, but hope is held out for his recovery.

FOODSTUFFS ARRIVE

Beef, Butter, Pork and Eggs Come
In By Train Yesterday for
Local Firms.

The welcome sight of wagon loads of beef, pork and other supplies being hauled from the depot last night to the local stores was one which afforded much satisfaction to the citizens on the route. A car load, which has been alleged to be on the way for the last day or two, came in yesterday and was promptly unloaded and delivered to the local stores. Apprehensions regarding the scarcity of food which have been excited through strike conditions and rumors were allayed in the breasts of many last night, at least for the time being.

FOOTBALL TONIGHT

The Sons of England and the St. Andrew's Society will play a football match this evening on the Acropolis grounds. Great interest is being taken in these association games by the local footballers and some real good style is being displayed by the players. This evening's match is in aid of the Swimming Club and admission to the game is by ticket.

The S. O. E. team is: Slocumb, Darton, Wearmouth, Tinker, Kelsey, Menzies or Booth, Wells, F. Hardy, S. Hardy, Day, Craggs; while the St. Andrew's have chosen Wharton, H. Hamilton, J. Currie, G. Abbott, W. Murray, J. Gray, J. Stone, D. Main, A. Kinghorn, G. Sellers, and W. E. Willisroft.
