The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held in the hospital last night. Those present were: Wm. Brown, chairman; Ald. S. D. Macdonald, Ald. G. The hospital board, last night, heard a letter from the Gypsum, Lime & Alabastine Co. of Canada Ltd. submitting a proposal to install dry insulates on the ceiling of the hospital and nurses' home at a cost of \$360 plus \$80 for installation whereby, it was claimed, an annual saving of \$74 per year in fuel consumption would be made as a result of better heating efficiency. The proposal of the company was that the hospital should pay for the installation at the same rate as fuel consumption was saved. The communication was referred to the house committee for report.

PARENTS SHOULD HAVE THEIR CHILD'S EYES EXAMINED NOW

Right now is the proper time to have the child's eyes examined so that he or she will be ready to start back to school without the handicap of poor eyesight. G. F. Davey, Registered Optometrist in charge of the Optical Department of Max Heibroner, Jeweler, has been very successful in fitting children with glasses, yet you may rest assured that glasses will not be prescribed unless absolutely necessary.
