BRITISH AVIATORS CROSS ATLANTIC BY AEROPLANE IN RECORD NON-STOP FLIGHT

FLIGHT ACROSS THE OCEAN MADE IN SIXTEEN HOURS IN
DAILY MAIL \$50,000 COMPETITION BY BRITISH
VICKERS BOMBING PLANE—LANDING MADE
AT CLIFDEN, IRELAND, SAFELY

(Special to The News via G.T.P. Telegraphs.)

London, June 15.—Captain Jack Alcock and Lieut. Arthur Brown in their Vickers Bombing Biplane landed in Clifden, in the county of Galway, on the extreme west coast of Ireland this morning at 9:40, thus completing the first non-stop flight by aeroplane across the Atlantic ocean. Their trip was made in sixteen hours and twelve minutes and their landing was made at twenty minutes to ten, according to British summer time.

In taking the ground their machine struck heavily and the fuselage ploughed itself into the sand, but neither of its occupants were injured. Much of the flight was through dense banks of fog, with occasional drizzles of small rain, which hampered the airmen considerably during their flight.

Made Good Start.

St. John's, Nfld., June 14.—The Vickers bombing plane with its two British aviators is expected to get away on its long journey across to Europe this afternoon between three and four o'clock in its attempted flight for the London Daily Mail's \$50,000 prize. The trial flights have been thoroughly successful, during which a speed of 120 miles an hour was obtained. Her engines worked perfectly during the trials and her wireless sent messages to both shore stations and to ships in port.

NEW PASTOR FOR METHODIST CHURCH

Pending the arrival from Anyox of the Rev. T. H. Nuttall, services yesterday were conducted in the Methodist Church here by Dr. Spencer, of Port Simpson. The Rev. Mr. Nuttall, owing to a steamer service, did not arrive in town until late in the evening.

Mrs. Nuttall, formerly Miss Eason, of Prince Rupert, is at present in Victoria visiting her parents and will return to the city later. A hearty welcome was given to Mr. Nuttall by many of his friends in town when he arrived last evening.

HIGH SCHOOL STUDENTS HAVE HIGH OLD TIME

Annual Picnic Proves Most En-
joyable Outing—Visit Digby
Island and Take in
the Sights.

On Saturday the High School students went over to Digby to enjoy their annual picnic. Through the kindness of George Frizzell the whole party was taken over in the Laura F., landing over there about ten in the forenoon. The day was spent in jollification and games and the weather conditions being so favorable, all enjoyed themselves heartily. Mill McLennan had charge of the party and acted the part of the mediator and judge of the happenings in a very capable manner. All the points of interest in the vicinity were visited during the day, such as the wireless station and the Quarantine Hospital. Fishing too, was indulged in and it is reported that some of the enterprising young men caught a bullhead. Generally however it was seaweed and pieces of old iron off the bottom which came up on the hooks.

The water was not particularly warm but this did not prevent some of the Salt Lake artists from enjoying a little dip in the refreshing waters of the bay. After a very big supper served in real picnic style on the beach, the students returned to take in the second show at the Westholme Theatre. It was pronounced a grand and glorious event by all who were present and the only detrimental feature was the fact that Principal Brady was unavoidably absent.

THIEVES BREAK INTO JABOUR BROS. STORE

Small Sum of Money Taken, But
Visitors Were Unable to Open
Safe, Although Attempt
Was Made.

On Sunday night the store of Jabour Bros. on Third Avenue was entered and a small amount of money was taken from the till. The entry was made through a small window at the back of the building but it is believed that an ordinary sized man could squeeze through without very great difficulty. The safe had also been tampered with but the thief was unable to break into it. Several marks are left on the outside door of the safe as mute evidence of the intentions of the thief. The police are now investigating.

TO REPRESENT B.C. IN CABINET

Vacancy Caused by T. A. Crerar's
Resignation Causes Much
Speculation in Ottawa
Circles.

(Special via G.T.P. Telegraphs.)

Ottawa, June 14.—It is considered probable here that the Franchise Act will go over until next session. The vacancy in the cabinet created by the resignation of T. A. Crerar, late minister of agriculture, has brought forward several competitors for the portfolio. The name of Dr. S. F. Tolmie of Victoria has been mentioned prominently. British Columbia, by representation, is only entitled to one place in the cabinet, and it has been intimated that the Hon. Martin Burrell will be made the head of the War Purchasing Commission. It is also pointed out that Dr. Tolmie is by no means the senior member for British Columbia in the House, and H. H. Stevens, member for Centre Vancouver, is said to have aspirations for cabinet rank.

(Special via G.T.P. Telegraphs.)

Winnipeg, June 15.—A severe wind and electrical storm resulted in heavy damage here last night. The loss is not yet fully estimated, but it will run into many thousands of dollars. All telegraphic communication was interfered with while the storm lasted, and this morning many miles of wires are down, again cutting Winnipeg off from outside communication for a while.

Three persons, including former Chief of Police Donald MacPherson, were slightly injured.

P.

VICTORIA UNIONS TAKE NO PART IN STRIKE MOVEMENT

EXCEPT THAT STEAMER SERVICE IS CUT IN HALF, EFFECT
OF GENERAL STRIKE IS LITTLE FELT IN CAPITAL;
VANCOUVER'S SATURDAY NIGHT
WAS NORMAL

(Special to The News via G.T.P. Telegraphs.)

Victoria, June 16.—There is no general strike at Victoria, as many of the unions have refused to take part in a sympathetic strike, the issues of which are obscure, and many of the leaders who think are not in favor of striking at all unless as a unit.

One disability which is noticeable is caused by the shipping being partly interfered with. There is only one boat a day between here and Vancouver instead of two sailings, which means that the one steamer is crowded to capacity every trip.

In Vancouver.

In Vancouver the citizens are carrying on well without street cars. Hundreds of jitneys are taking their places, which is meeting the transportation situation fairly well. The shopping on Saturday night in the city was almost normal, and the streets and stores were as busy as ever. The railway shopmen are still working, and the trains are running as usual. Little sympathy is being expressed with the strikers, who are inconveniencing the whole community with no particular prudence of their own on which local public opinion could be brought to bear with a view of remedying. Notwithstanding this, however, there is a general desire to have the cost of living reduced. It is acknowledged everywhere that there is a revolutionary idea behind the present strike movement.

SETTLERS FLOCK INTO BULKLEY

Seventeen New School Districts
Formed Throughout Northern
Inspectorate.

Telkwa, June 14.—Every train brings a number of land seekers to this place, some of whom stay or make preparations to bring their families. All the way up the valley from Hazelton the population is steadily increasing, not with homesteaders but with men who expect to make a living from the land.

Inspector Lord has been making his regular tour of inspection of the local schools. He has been kept very busy, for much of his work consists in organizing new districts. Interviewed here he says that since last September he has organized no less than seventeen new school districts and he has now nine more applications under consideration. Other districts that are filling up will be applying for schools before the end of the year.

While the spring was late this year the country looks fine and all the visitors from the prairies express themselves as very much pleased with the valley.

COME AND SEE

MARRIED STIFFS AND YOUNG BLOODS WILL PLAY SOCCER MATCH

The married members of the St. Andrew's Society will meet the single gentlemen on Wednesday night in a football match to be played on the Acropolis Hill grounds. The married ones are going to show that the responsibilities of wedded life with its consequent cares and petty worries have in no way impaired their capacity to kick, while the unattached members threaten to put it all over those whose example they have failed to follow. A keen game is expected, as there are good players on both sides.

MORE FISHING BOATS SAIL FOR OTHER PORTS

There were no fishing boats with catches in the harbor this morning. Those which had arrived on Saturday and yesterday have already left to discharge their catches elsewhere. The Molly May was in port on Saturday with 20,000 lbs. of halibut, and left again on the same day for Seattle. The Flattery which came in yesterday sailed for Ketchikan where she will unload. She had 5,000 lbs. of halibut.
