WINNIPEG STRIKE LEADERS BE DEPORTED IF CONVICTED

CARMEN DECIDE AGAINST CONTINUANCE OF SYMPATHETIC STRIKE—STREET CARS OPERATED YESTERDAY AND RAILWAY TRAFFIC BEING HANDLED WITHOUT A HITCH

(Special to The News via G.T.P. Telegraphs.)
Winnipeg, June 19.—Today concludes the fifth week of the sympathetic strike and there are growing evidences of the disintegration of the movement, which has been repudiated by the international trades union organizations. The back to work movement has become more marked this morning as practically all the utilities are being operated and many workers are back to all trades affected.

The railway passenger traffic was conducted yesterday without a hitch, and the movement of freight continues to improve. This applies not only to the C. P. and the G. T. P. but also to the C.N.R., which was the railway system hardest hit by the general strike.

Deportation Will Follow.
Ottawa, June 19.—The trial of the eleven men arrested on the charge of seditious conspiracy against the government will be before a special board appointed by the Dominion Government. If convicted their deportation will follow immediately, and the families of the men shall also be sent out of the country. "If the charges under the order-in-council providing for deportation fail, criminal charges will follow," said A. J. Andrews, K. C., the chief prosecutor.

Ivies Unfrosted.
At the close of the session of the Methodist conference yesterday, the Rev. Wm. Ivies, one of the strike leaders now under arrest, was given "notice of location," which under the Methodist church law means that he cannot remain any more as a Methodist minister, and he gives up the standing and function of minister conferred upon him at ordination.

Back to Work.
The first street cars ran at eight o'clock yesterday morning and the company has intimated that the full service will be resumed very shortly. The striking members of the Brotherhood of Carmen passed a resolution declaring against the continuance of the sympathetic strike.

A.F. OF L. DECLINES TO RECOGNIZE SOVIET

(Special via G.T.P. Telegraphs.)
Atlantic City, June 18.—The American Federation of Labor convention has refused to endorse the recognition of the Soviet Russian Government. It also declined the recognition by the United States Government of the existing Irish Republic and voted against the general strike prepared for July 4 in protest against the conviction of the innocent for the bomb explosions in San Francisco.

NEW BRITISH DIRIGIBLES DEMONSTRATE PREPAREDNESS FOR BLOCKADE OF GERMANY

(Special to The News via G.T.P. Telegraphs.)

Copenhagen, June 19.—The new British dirigible R-34 has been reported flying over the southern Baltic. It was seen to be flying in the direction of the Hanseatic ports, thus demonstrating the preparations which the Allies have made in order to carry out the threat of enforcing a complete blockade of Germany should the Government refuse to sign the peace treaty.

The big airship, which is the largest ever launched in any country, is equipped with machine guns and bombs ready for instant action should occasion demand.

The R-33, her sister ship, is also reported to have left Great Britain last night to take up her station over Heligoland and the Kiel Canal.

RUPERT'S FISH GOES SEATTLE

**More Fishing Boats Compelled to
Take Their Catches to Com-
petitive City for
Disposal.**

Owing to the strike conditions still prevailing on the waterfront which prevent the local firms handling the catches of the fishing boats on their arrival here, few of the fishermen are coming into Prince Rupert with any hope of disposing of their fish. In some cases the sale of the catch is effected at the Prince Rupert Fish Exchange, but in practically every case the fish goes to some other port to be landed.

The arrivals yesterday and today are the Tide with 5,000 lbs. of halibut; Joe Baker, 7,000; Suma, 8,000, and the Minnie V. with 110,000 lbs. These catches after being sold here will likely go to either Ketchikan or Butedale for disposal.

Two other boats, the Doreen with 14,000 lbs. and the "Pair of Jacks," with 25,000, arrived last evening, but sailed immediately for Seattle. Meantime, Prince Rupert's markets, which have been built up slowly and laboriously, are being supplied by her competitors.

BRITISH DIRIGIBLE TO CROSS ATLANTIC

RESCIND PROHIBITION LAW WITH THE SIGNING OF PEACE

SENATE MAKES DOMINION ORDER-IN-COUNCIL LAPSE CO-INCIDENT WITH THE SIGNING OF PEACE TERMS, PROHIBITING INTER-PROVINCIAL TRAFFIC IN ALCOHOLIC LIQUOR

(Special to The News via G.T.P. Telegraphs.)

Ottawa, June 19.—That the Orders-in-Council prohibiting the manufacture and transportation of intoxicating liquor shall terminate with the signing of the peace terms, has been declared by the Senate.

A bill was received in the Chamber from the House of Commons which sought to enact as a statute law the various orders-in-council proclaimed under the War Measures Act, was taken up by the Senate in committee of the whole. Senator Deveber offered an amendment striking out the words "and for twelve months thereafter" from the declaration that the regulations "shall continue in force during the continuance of the war and for twelve months thereafter."

The amendment was carried by 34 votes to 24 after a number of speeches dealing chiefly with the constitutional point raised on the second reading of the bill, that by section 121 of the British North America Act, inter-provincial trade could not be interfered with by the Federal House.

Methodist Objections.
Toronto, June 19.—The Methodist conference in session here, upon receipt of the news of the action of the Senate in amending the Prohibition orders-in-council confirmation bill, the passage of which will leave only the provincial prohibition laws in effect throughout Canada, and will permit citizens in one province to import supplies of wet goods from another, passing a resolution calling for either the reform or the abolition of the Senate.

SELF'S CAFE TAKEN OVER BY J. C. GAVIGAN

**Famous Third Avenue Restaurant
Acquired by New Owner at
Midnight Last Night.**

A business deal was put through last night whereby Self's Cafe changed owners, the business having been purchased from Ben Self by J. C. Gavigan. On the stroke of midnight, Ben Self ceased to have anything more to do with the cafe and its new owner took it over.

Self's Cafe has become one of the institutions of the city and from now on the name will be changed to the St. Regis Cafe. The same high standard of service will be maintained under the new management and nothing will be left undone to make it the best place for its patrons.

PEACE DELEGATES WILL RESIGN IF THE TREATY IS SIGNED

Berlin, June 19.—The German peace delegates have drafted a memorandum recommending that the cabinet refuse to sign the peace treaty. Count von Brockdorff-Rantzau, head of the delegation, has intimated that he will resign, as well as other members of the delegation unless this view is adopted.

ACTIVITY IN REAL ESTATE

**Greater Interest Being Taken in
Residential Properties With
House Building in View.**

During the past week or two there has been a revival of interest displayed among investors in real estate. Many citizens have been purchasing lots with the intention of building houses and one of the features has been the manner in which snaps have been taken up for cash. The chief interest has been shown in Section Two property and in sites near the drydock plant, both of which districts are in the meantime purely residential.

The scarcity of houses seems to be the chief cause of the increasing business in real estate, as many of the citizens are realizing that their only hope of getting a house to suit their requirements is to have one built. These people, with this event in view, are now securing their locations before the expected rise in values takes place.

One important deal was made lately, when the house of Mrs. Beveridge on Fourth Avenue was sold to Geo. Bryant through McCaffery, Gibbons & Doyle.
