TORPEDO BOAT IS FITTED OUT FOR TRAWLING

Old United States War Vessel is Purchased by Seattle Firm; Will Operate Off the U. S. Coast.

A new style of hull will be seen shortly in the fishing fleet of the Puget Sound, when the old United States torpedo boat Fox makes her first trip to the banks, fully equipped for other trawling. This is not a government venture, but an experiment by a private firm. They purchased the ship from the government, she being obsolete for war purposes. The old engine and boilers have been removed and new twin engines of 250 h. p. installed. It is expected that the new trawler will have a speed of about 20 knots, which will make her the fastest thing in fishing boats on the coast.

This speed is expected to be of great advantage in trawling operations, enabling the vessel to make many more trips than a boat of ordinary design, and also effecting a material saving in ice. She will carry a dozen men, including two engineers and the fishermen.

The trawling operations will be carried on along the coasts of Washington and Oregon and arrangements have been made to ship the catches of edible fish to eastern markets, where they will compete with the Atlantic fish. As much of the fish obtained by trawling is of an inedible variety, the company is considering putting in a fertilizer plant to handle this portion of the catch. The actual trawling operations will be under the charge of an expert trawlerman from Grimsby, England.

MARRIAGE ANNOUNCED OF MADAME DE MUSSY

The marriage is announced of Madame Francois Gueneau de Mussey, late of Prince Rupert, with M. Raymond Gueneau de Mussey, F. Aude-Major, Croix de Guerre, of Neuilly, near Paris. Madame de Mussey, with her husband, Captain de Mussey, were resident here in Prince Rupert for several years prior to 1914. At the outbreak of the war, Capt. (then Lieut.) de Mussey, being a reserve officer in the French army, dropped everything here and accompanied by his wife, went over to France to help his country out. He was quickly promoted to captain's rank and saw a lot of fighting, being in the end killed at the struggle for Fort Douaumont, at Verdun.

The many friends made by Madame de Mussey here during her stay in Prince Rupert will be interested to learn of her second marriage.

Louis Scholtz, the well known mining man and store-keeper of Atlin, passed through the city on the way south on the Princess Alice yesterday. During his brief stay here Mr. Scholtz had the opportunity of seeing some of his old friends who have now settled here.

Other things we can prove it by are Big Ben clocks, Waltham and other watches, Wademan pens, Rogers silver and almost any well known article.

SONGS AND DANCING AT THE WESTHOLME

Vaudeville and Pictures Draw Full Houses at Opera House—Show To Be Repeated Tonight.

There was a great crowd at the Westholme Theatre last evening to take in the vaudeville and picture combination. Ellis and McCullough put on a farcical comedy entitled "Get the Money" which was well received. There was some good dancing and fire songs in this piece which made a great hit with the audience, who appreciated the show to the full. The comedy was followed by a splendid picture entitled "Come On In," a story of German spies in the States at the outbreak of the war. There were some scenes in this photograph which were particularly good, and well worth seeing. Another episode of "The Lightning Raider" completed this fine program. The show will start at 8 o'clock this evening owing to its length.

LOCAL NEWS ITEMS

Among the arrivals in the city yesterday from the Queen Charlotte Islands were Mr. and Mrs. C. Hamrick and E. Wade of Buckley Bay.

For the past week the pupils of the Entrance Class have had examinations, as the end of the term has now come for them. Today they are going on a picnic across the bay with Principal A. M. McDonald as the biggest enthusiast. The girls and boys are looking forward to having a very pleasant time in one of the numerous beautiful spots on the other side of the water.

Late in the afternoon the C. P. R. steamer Princess Alice arrived yesterday from the north with a large number of tourists who had made the round trip from Vancouver. On the way north the Alice did not call in here as at first expected. There was very little freight on board for this point and the boat is handled by the officers and engineers of other ships now tied up on account of the strike. The steamer sailed for the south at six again, carrying a few passengers and a small quantity of mail from this port.

Among those arriving from the south by the Prince Rupert this morning was W. E. McTaggart, editor and manager of The Farmer's Magazine, a monthly periodical which is printed in Vancouver in the interests of the British Columbia farmers. "Ed," as he is more familiarly known to his friends, went overseas and got as far as England in the Y. M. C. A. service, but returned early this spring and has resumed his journalistic work. Mr. McTaggart is also the secretary for the Farmers' Institute and it is in this particular service that he is accompanying the party which arrived today and left on the train for the convention to be held at Smithers.

One of the downtown attractions yesterday was the live seal on display in George Fuzzell's store window. It was brought in from the mouth of the Skeena by Bobby Fuzzell and not seen by many being in the public gaze. A tank of water was supplied to which the creature could amble when things became too uninteresting on the street. No difficulty was experienced in catching the animal as it was very easily tamed. In fact all that had to be done was to feed it a little and then it was thrown overboard for the night. In the morning it was on the job again when breakfast time came and so the seal was taken onto the launch to satisfy the gaze of curious city folks.
