HE WOULD DIE

"FRUIT-A-TIVES" Conquered
Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C.B. "I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight -going from 185 pounds to 146 pounds-that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'.

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

WESTHOLME ORCHESTRA GETS GREAT PRAISE AT PRINCE GEORGE CONCERT

The concert and dance given by the Westholme Orchestra, of Prince Rupert, under the management of W. J. Pitman, in the Ritts-Wifer Hall last night was attended by a large crowd, who thoroughly enjoyed every item.

The program included overtures, trios, vocal solos, 'cello solos, clarinet solos, violin solos and selections by the orchestra, many of which were encored. The music for the dancing was declared by all present to be per- heartburn and constipation.

The artistes were C. Balagno, piano; W. Balagno, violin; H. Reid, clarinet; W. Edmunds, cello; J. F. Taylor, vocalist.

Mr. R. F. Taylor, the local vocalist, was in splendid voice, and was enthusiastically encored.

It is considered by all musical critics and others that the concert was the finest ever presented to an audience in Prince George, and it is the hope of all that it will be repeated in the near future. Mr. Pitman, the manager, has made a reputation for himself in FERTILIZER PLANT bringing such a wonderful set of artistes to the city.

Several oil prospectors visited the west coast of Graham Island in the interests of outside companies. It is possible that operations will be recommenced in the neighborhood of Tian Point and Frederick Island.

Jones Brothers have opened al boat-building establishment at Massett. They have turned out several fine gasoline launches for the fishermen of the islands. The building of gasoline launches and row boats is becoming quite an ndustry at Massett, where the native workmen constructed ten new sea-going boats this year.
