CORRECTING FOOLISH NOTIONS

Professor Swanson, head of the Political Science department of the University of Saskatchewan, spoke the truth when, addressing the Retail Merchants of that province recently, he said: "It has been almost the policy of Canada to look upon the thrifty man as mean and narrow in his outlook upon life. We have admired the land speculator and the man who made and spent money, but the war has tended to change this."

The War Savings campaign with its War Savings and Thrift Stamps is following up the opportunity created by the war. It is giving the people the correct perspective. It is bringing home to them the foolishness of waste. It is teaching them to invest wisely.

Moreover, the campaign is making it easy for the people to save, because it enables them to purchase War Savings Stamps, which are the soundest possible investment and which pay well.

What Eye Glasses Are For.

GLASSES have many uses, but only one purpose—the restoration of the sight to a natural condition.

YOU were intended to see well and easily. If you do not—then you should make haste to discover the trouble and apply a remedy.

THE want of a pair of suitable glasses may be all that prevents you having visual perfection, health and comfort.

LET us examine your eyes and tell you whether or not this is so.
