The Tortures of Dyspepsia  
Corrected by "Fruit-a-lives"

ST. MARTIN'S, N.B.  
"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth."

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

## Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

## BIG CONTRACT FOR TIES SECURED BY LOCAL CONTRACTOR

General Manager W. P. Hinton of the G. T. P. announced yesterday before leaving that a contract had been let to O. Hanson of the firm of Dybbavn & Hanson, to get out half a million new ties to be used along the line for repair work.

There is a good deal of improvement being made at different points and the replacing of half a million ties will be one of the steps in the keeping up of the railway which has been found necessary, especially in view of the big haulage to be done over it this coming winter.

It is gratifying to Prince Rupert people that one of their number has secured this large contract.

There is character in printing just as there is character in people. At The News Print Shop they do the kind that brings business.

## PREPARE FOR AFTER WAR SAYS SHAUGHNESSY

Canada Will Be Able to Adapt  
Herself and Adjust Her Industries Quickly,  
He Predicts.

Fort William, Ont., Sept. 12.—"Canada, with her great natural resources, will be able to adapt herself and adjust her industries very quickly after the war." That is what Baron Shaughnessy, president of the Canadian Pacific Railway, had to say as he stepped off the special train which arrived at the union station this afternoon. "Preparations being made," continued his Lordship, "to adjust industries to a change in production in the event of cessation of hostilities. The problem of the returned soldier is of course going to be a great one. Figuring on 300,000 men being overseas, if war stopped tomorrow, it would take ten months to bring them all back if they could return at the rate of 30,000 a month. Every man should be asked before he leaves France what line of work he wishes to take up when he gets back to Canada and the Government should work out a careful demobilization plan."

## ERECTING NEW WHARF TO WEST OF COW BAY

Georgetown Sawmill Co. Has  
Leased Site and Will Open  
Lumber Yard Soon.

In line with the general development of Prince Rupert comes the development of the waterfront. The Georgetown Sawmill Company, which recently leased their mill to Mr. McAfee, is preparing to act as selling agents for the mill here. With that end in view it has leased from the Provincial Government one hundred feet of frontage on the west side of Cow Bay adjacent to the wharf of Albert & McCaffery and is erecting a wharf and warehouse there.

The firm is about to go into the retail lumber business, spurred thereto doubtless by the prospect of more building here. They will also handle building material with the idea that contractors may be able to get everything they need at the one yard.

The new wharf is being built out in line with the others and, owing to the fact that there is already a good approach, will be most convenient for the purpose. R. S. Wright will manage the business.

## SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.  
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.  
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.  
Pre-emptors must occupy claims for five years and make improvements to the value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, residence or improvements, and provide statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.  
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor must apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retrospective.

## TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to

## Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.
