BOND HOUSE OPENS BRANCH IN THIS CITY

General Manager Here Arranges With Thomas McClymont to Handle Local Office.

Arthur Bernstein of the National Bond Corporation was in the city yesterday making arrangements for the opening of a branch office in this city and the agency has been taken by ex-Mayor McClymont who will have charge of the local affairs of this financial concern.

The company proposes to do here a general business in foreign exchange and will deal in Victory bonds, Canadian Government and municipal bonds, and all classes of good bonds and debentures. They will buy and sell drafts on all foreign countries and do everything which pertains to the operations of a good financial house.

The company, which sees in Prince Rupert a field for its operations, is a very strong one. It has its headquarters in Vancouver and has on its board of directors such well known and eminent men of business as Sir Douglas Cameron, K.C.M.G., Brig.-Gen. Sir Henry M. Pellatt, C.V.O., Sir John M. Gibson, K.C.M.G., K. G. C. A. Barnard, K.C., Brig.-Gen. J. Duff Stuart, Hon. Alex. Henderson, K.C., J. S. Cowper, until recently member of the legislature for Vancouver and a former editor of this paper, Arthur F. Bernstein, general manager, Charles E. Campbell, and F. G. Elliott.

TAX PIANOS AND DOMESTIC SERVANTS

Paris Levies Lower Rate on Women Than Men Employees.

PARIS, Feb. 4.—This city has just been authorized to collect higher taxes on pianos and domestic servants. For the privilege of being managed by an autocratic cook or a diplomatic maid, Parisian families will now have to pay 40 francs a year. If the servants are men the amount is doubled.

A sliding scale of 40 francs for one woman servant to 200 francs for five of them and from 80 to 100 francs for men servants is provided for in the bill. No provision is made for families having more than five servants; the law-maker probably holding this to be sufficient tax on the family's patience. Tutors and governesses are assessed 160 francs each.

The tax on pianos is to range from 30 to 60 francs. A mechanical piano will cost its owner the same sum.

MAY SELL CHAMPAGNE WITHOUT ANY KICK

WASHINGTON, Feb. 4.—Thirsty citizens who buy bottles labelled "champagne" only to discover the contents to be "kickless" cider, have no legal redress, District Attorney Laskey has ruled. Mr. Laskey says that any man who purchases champagne these days is a violator under the Volstead act and the law could not be invoked to aid in its violation.

POOR CONDITION OF RUSSIAN RAILROADS

Leon Trotsky Says Engines and Cars Broken Down and Condition Terrible

LONDON, Feb. 4.—A Moscow wireless despatch reports that Leon Trotsky has resigned the position of Commissary of Communications and has been replaced by M. Yemshanyov.

At the recent Congress of Soviets, Trotsky said that the condition of Russian railroads was terrible. The number of broken-down locomotives and cars was growing and repairs were in a chaotic state.

He said repairs on locomotives were difficult because there were over 100 different types and it was difficult to collect the spare parts. He advocated no more than seven types of locomotives and suggested mass production.

"In order to begin our socialist economic system," he said, "we must sweep out all this monstrous motley of techniques and rule-of-thumb chaos which remains to us from the past, by means of standardization."

The fire brigade had a call at 6 o'clock last evening to the Smith Building where a small blaze caused by ashes being thrown against the side of the building was extinguished with little damage.

MEMBERS LEAVE FOR VICTORIA

Alex. Manson and H. F. Kergin Gone to Attend Session of Legislature.

Alex. Manson, the re-elected member for Omineca, and H. F. Kergin, the new member for Atlin, left last night for Victoria where they will attend the session of the Legislature which opens Tuesday.

At the last session Mr. Manson was deputy speaker, and there is a possibility of his being chosen speaker to succeed John Keen, now clerk of the House. The Government has not as yet announced its plans in this connection, however. There was a rumor that Mrs. Ralph Smith would get the position, but she has also been mentioned as a likely member of the cabinet, sitting as president of the council without portfolio. This would be preliminary to giving her charge of a department.

In view of the large majority given Paterson in Delta, it is quite possible the Government may open the Vancouver constituency again and give Mrs. Smith a portfolio, possibly that of education.

LAWYERS MAY HELP KEEP MENTAL BALANCE

Address to Manitoba Bar Association by Edward Anderson, K.C.

WINNIPEG, Feb. 4.—"The lawyer by training, association and precedent should be able as no other profession or aggregation of bent to act as a balance wheel and bring the world back to sanity and right-mindedness," said Edward Anderson, K.C., president of the Manitoba Bar association, in the opening address before the annual convention of the association in the Fort Garry hotel.

He pointed out that a disregard of constitutional authority is prevalent and that every unbalanced mind promulgating some doctrine finds an audience. Hatred and jealousy, national and individual, are rampant, and it is difficult to keep a proper mental balance, he continued.

He was optimistic regarding conditions in Canada and the United States, and said that Bolshevism has less chance to make progress in a community where the great principles of common law are administered because people trained under this system have a high regard for precedent, tradition and constituted authority. Lawyers have always played a prominent part in governing society and their duty today is greater than ever before, he added.

SENATOR WOULD FORBID SMOKING

WASHINGTON, Feb. 4.—The president and even senators and representatives might have to take the streets to enjoy cigar, cigarette or a pipe as an aid to statesmanlike reflection, if a bill offered by Senator Smoot becomes law. It forbids smoking in government departments or "any independent establishment of the government" as a fire protection measure.
