## Auctioneers

When you sell goods by private sale you eliminate competition. It is human nature for an individual to bid a higher price against competition.

If you wish to dispose of any article, send it to us. Sales held at private residences or at our Auction Rooms, Pattollo Block, Second Avenue.

The Mountain Park Steam and Furnace Coal has been tested by the largest local firms and business houses, and opinion is unanimous that it is a first class steam and furnace coal. We only ask you to give it a fall trial. We know that this coal has great heating and lasting power, and the price compares favorably with any other coal in town.

It is not our business or our policy to 'boost' a coal which is not satisfactory.
