

Shoes for play and Shoes for "best"

It would be foolish to let your child wear HURLBUTS today and another shoe tomorrow—the good that one shoe did would be undone by the other. You must fit HURLBUTS all the time.

The tender bones will not stand pressure for a moment without injury—they must be protected every minute of the day—they are always gradually growing.

Fit HURLBUTS for play and keep an extra pair of HURLBUTS for best wear. Your dealer will show you correct styles of HURLBUTS for all occasions.

Write for booklet about Hurlbut "Re-built Service" and we will tell you the name of the Hurlbut dealer nearest to you.
