## FIRST BOY SCOUTS' HALL IN PROVINCE

**Smithers Takes Great Pride In  
Her Local Troop and Builds  
Them a Home.**

SMITHERS, May 27.—Smithers has the first Boy Scouts hall in the province of British Columbia built solely for their use, so far as can be ascertained. A building is being erected here which when complete it is estimated will be worth \$1,500.

Smithers has a troop of about thirty scouts and they are a fine lot of lads, well set up, bright and keen. They are learning to play the bugle and before long will have a bugle band.

The moving spirit in encouraging the boy scouts is E. E. Orchard, proprietor of the Hotel Bulkley, who donated a lot on which to build, the second lot being purchased by the parents

## FOOD CONTROL NOW TOO LATE

Berlin People Receive Letters  
Telling Conditions in  
Russia.

BERLIN, May 26.—Lenin's abandonment of government control of foodstuffs came too late to relieve the situation in Bolshevik Russia, according to letters received in Berlin from a family which has lived in Petrograd throughout the Bolshevik regime.

"The conditions are worse for us than they were when food was issued on cards," one letter states. "We are told now that we may buy food and the peasants are told they may sell food without violating government regulations. But there are no food shops. And the peasants about Petrograd have little food to sell. They don't want paper rubles."

"They even refuse all sorts of manufactured articles in exchange for what little food they may have. They are afraid to give it up, as they are not sure that they can get another crop the coming year."

#### Sterile Districts.

"The Petrograd district is so sterile that little is produced here in normal times. Transportation is so bad, and the peasants in the grain districts have been so badly treated by the Bolshevik requisitioning parties that the government simply couldn't continue the small rations it was issuing on cards. So it told us to do for ourselves a job which it could not accomplish with all its power and military force."

"The re-establishment of free trade and the announcement that government restrictions have been reduced will not put food into cities which have no supplies, which have no adequate railway connections with grain districts and no means of reconciling peasants who attribute most of their troubles to the two great cities in Russia and want to starve them out."
