

PEPS

THE BREATHEABLE REMEDY

ALWAYS keep a box of Peps on hand, and immediately you feel a tickling in your throat and want to cough, put a Peps tablet in your mouth. The medicinal fumes given off by the dissolving Peps mingle with the air you breathe, and like the Pine Forest air of Switzerland, reach every nook and corner of the throat and lungs, where the danger lies. Peps bathes the breathing tubes with a germ destroying vapor, which is a sure safeguard against infectious coughs and colds. When a Peps tablet is in the mouth every breath taken strengthens your defence against throat and chest troubles.

50c. box, 3 for \$1.25. All dealers or Peps Co., Toronto. FREE trial package sent upon receipt of this advertisement and 1c. stamp for postage.

NAZIMOVA APPEARS TONIGHT IN PICTURE "MADAME PEACOCK"

Nazimova will appear tonight at the Westholme Theatre in two characters each resembling in some measure the great Russian star's own career. The picture is "Madame Peacock," from a story by Rita Weiman, and it brings Jane Goring, a resplendent stage star, and then as Gloria Cromwell, a young girl as naive and charming as Jane is brilliant. Certainly Nazimova should make this story live, for she has been in the course of her remarkable career both the young girl of great promise and the great actress who has fulfilled promise. The show will be repeated tomorrow night.

BLEW OUT SAME WINDOW LAST YEAR

Curiously enough happening the second year in the same manner, the high wind of New Year's eve blew out the pane and casing from one of the upper windows of the Royal Bank, landing it in the entrance to W. W. Wrathall's store, where it smashed into a thousand fragments. Mr. Wrathall who was at the rear of his store at the time, hearing the crash, thought his plate glass windows were smashed in, but luckily he suffered no loss or damage, barring a few scratches in his windows. He points out with curiosity the marks on the windows from the previous year's experience of a similar nature.

To Be Dyspeptic Is to be Miserable

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat those square meals a day and not be punished for it after. Scarcely anything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torturing and is digested so imperfectly that it does little good.

Before you can eat heartily, and not perk and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Bitters has been tuning up and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after effects.

Mrs. Alice Beckwith, Fesserton, Ont., writes: "I have been a great sufferer from indigestion and dyspepsia for several years. I could not eat anything without almost dying from the pain in the pit of my stomach. Seeing Burdock Blood Bitters highly recommended I tried a bottle, and can gladly say it relieved me. I can eat anything now, and am in perfect health."

B. B. B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.
