

KANTLEEK

It Can't Leak, Because It's Made in One Piece

KANTLEEK is built like a bottle—all in one piece. Most hot-water bottles are made in sections, then cemented together. When cement dries and cracks, the bottle leaks. Every Kantleek Hot-Water Bag is moulded of pure soft rubber—one continuous piece. No parts, patches, cement. Even stopper socket is moulded in. And guaranteed for a full two years' service—or a new Kantleek free. Don't wait until your old bag leaks. Get a Kantleek. Your old one may leak open tonight.

PHYSICALLY UNFIT MAY NOT MARRY

That is Proposal in Manitoba and Legislation Will be Asked Along That Line.

WINNIPEG, Jan. 15.—Production of a medical certificate to show that contracting parties to a marriage are medically fit will be compulsory if legislation to be asked for by the Manitoba Social Hygiene association is enacted.

Delegates attending the annual convention of the association have an appointment with the provincial government for 10 o'clock on January 21. William J. Battley, general secretary, announces. They will request the government to place a bill before the house "making it compulsory for all parties contracting marriage to produce a medical certificate that they are free from venereal disease before the license can be granted."

Nearly 100 delegates are expected to attend the convention, which opens in the Royal Templar building January 20.

FIGURES PACK SALMON GIVEN

Rivers Inlet Only District Showing More Fish Taken in Province for 1920

VANCOUVER ISLAND HAD TREMENDOUS DECREASE

In an interesting table published in the Canadian Fisherman of December is found a detailed statement of the British Columbia salmon pack for the 1920 season. Of the 1,187,616 salmon of various varieties handled through the canneries of the province for the year, 814,954 were in the plants of the Skeena River, Naas River and outlying districts. The total for the province shows a decrease from each of the years, 1919, 1918, 1917, 1913 and 1910. The number of fish taken in 1919 was 1,593,156. The only district in 1920 that shows a larger catch is the Rivers Inlet district where 132,828 fish were taken this year as against 80,367 in 1919.

The total for the Naas District in 1920 was 81,153 as compared to 97,512 the year previous. On the Skeena River the 1920 catch was 334,392, while in 1919 the catch was 398,877. The catch in outlying districts, which included canneries in no particular district, such as Butedale, was 198,412, a slight increase over 1919, which was 384,163. The Fraser River catch in 1920 was 132,860 as against 158,718 in 1919. The largest and most noticeable decrease was that of Vancouver Island, where only 87,971 fish were recorded, a tremendous decrease from 276,549 the year previous.

Jewelry Costs Less Now

Since the luxury tax has been abolished nearly all our goods cost you 10 per cent less. The former war tax of 10 per cent is also cancelled, and as gold has not advanced in price very much jewelry is cheaper in proportion to lots of things.

Those Washable Rugs—We Can Help You With Them

Is there anything that adds more to the cheerfulness of bedroom, bath or den than a well-kept washable rug?

True, they are difficult to keep clean, these days when the youngsters are so much indoors, and most backbreaking to wash—unless you have tried our way.

Ours is the labor-saving, efficient method. You simply make a roll of your rugs—then telephone us. We souse and rinse, and souse and rinse them again until much of their first freshness and color are restored.

Or perhaps your blankets, comforters, curtains and pillows need washing. All these things that it is so difficult to wash in the home we make a specialty of. Our pure soft water, fleecy suds and superior drying enable us to handle this class of work in a way that no laundress can rival.

Telephone, or mail us a card, and we will have our driver call.
