ENGINEERS HAD ANNUAL PICNIC

Many Enjoyed Big Time on Sands of Tugwell Island Yesterday.

The first annual picnic and field day of the International Union of Steam and Operating Engineers held yesterday at Tugwell Island proved a signal success, full of fun, frolic and fresh air. Besides the engineers themselves, there were present their wives and families and many friends. Although there were so many children out, the day was marred by not the least accident to any of them. Leaving town at 10 and 11 o'clock on the launches "Oh Baby" and Narbethong," the merrymakers spent the whole day on the sands of the popular island returning to town about 7 o'clock in the evening. The officers of the union were generally in charge of arrangements. There were plenty of refreshments of all kinds and two meals were enjoyed.

There was a ball game between the engineers of the Wallace Shipyard and the Canadian Fish and Cold Storage Co., which resulted in victory for the former by a score of 5 to 4. The players were:

Cold Storage—Beale, Smith, Morin, Shaw, Dickenson, McIntyre, Bodie, Parsons and McEwen.

Shipyard—Pinder, McKinnon, Dalby, Donovan, Geddes, Beatty, McCormack, Mosher and Belange.

A. M. Bremmer was the umpire.

Field Events.

J. R. Beatty was the starter in the races and the judges were J. Geddes and J. McCormack. The various winners were as follows:

Cocoanut Race—1, Mrs. Meth Davies; 2, R. Parsons.

First Ladies' Race—Mrs. Rutter; 2, Mrs. McIntyre.

Second Ladies' Race—Mrs. Parsons; 2, Mrs. McIntyre.

Men's Race—1, Ralph Morin; 2, J. Pinder.

Children's Race—1, Marjorie Ritchie; 2, Thelma Skinner.

The third bout for the world's heavyweight championship under no decision rules at a limited number of rounds will be under way when Jack Dempsey, world's champion, and Georges Carpentier, French challenger, square off in the Jersey City ring on July 2. The only previous title contests held under similar conditions were the Willard-Moran ten round battle at New York, March 25, 1916, and the Willard-Dempsey contest at Toledo, July 4, 1919. The first bout went the limit, Willard gaining the popular verdict. At Toledo, Dempsey knocked out his ponderous opponent in the third of the scheduled twelve round bout.

* * *

Modern ring history in the heavyweight division is considered to have begun when John L. Sullivan knocked out Paddy Ryan in nine rounds at Mississippi City, Mississippi, February 7, 1882. Including that contest and the one in which Marvin Hart defeated Jack Root to gain the title relinquished by Jim Jeffries, there have been twenty-four championship bouts. The longest was that in which John L. Sullivan knocked out Jake Kilrain in 75 rounds at Richberg Mississippi; the shortest that in which Tommy Burns stopped Bill Squires in one round at Colma, California, July 4, 1907.

* * *

By the average duration of these championship contests, which is a trifle under 15 rounds Dempsey and Carpenter, scheduled for only twelve sessions, would seem likely to go the prescribed route. The length of the Sullivan-Kilrain duel, however, stretches this average and examination of the records shows that 11 of the 23 battles have stopped short of the 12 round mark, while the most recent championship fight, in New York last December, ended with the knockout of Bill Brennan by Dempsey in the twelfth round.

* * *

Persons who wager on the official result in the Jersey City bout, can win or lose only in two events, a knockout or a disqualification on a foul. To make possible a clean cut decision, it has been suggested that Promoter "Tex" Rickard, appoint three judges who shall sit at the ringside and announce a verdict after returning to New York following the bout.

Judge H. E. A. Robertson, of Prince George, arrived last night from Prince George and leaves today on the Princess Royal for Atlin where he will hold court, relieving Judge F. McB. Young, of this district, the latter being busy with work here and in other sections of his extensive district.

The Man in the Moon SAYS:—

IT rained so hard in Vancouver last winter that all the Board of Trade excursionists bought new raincoats to make the Prince Rupert trip and the disappointing part of it was that they coudn't show them off when they did get here.

* * *

A good lesson for the excursionist who didn't know we had a water system here but thought we caught it in the rain barrel would be to spend the month of July here depending solely on that source of supply. He'd either parch to death or die of stagnant water poisoning.

* * *

IT is reported on doubtful authority that certain of the visitors found some wet spots in the local desert, of course that only means that they went down to McClaymont Park and waded in the cool waters of Hays Creek.

* * *

AND they bottled the soothing liquid and took it along to Stewart with them so as they wouldn't have to depend on that nasty condensed water they have on the Prince George. As Capitano doesn't produce such fine thirst extinguisher they even pickled a little up last night.

* * *

The official restaurant gloom dispenser rises to state that today's milk is fresh—fresh from the can.

* * *

THE king's jester suggests that Church Union would completely remedy this infernal Irish question.

* * *

EVEN the ruminative bovines were on the job at Stewart last Friday night to give the Vancouver and Prince Rupert visitors a welcome. The sound of the cow bells was heard all night.

* * *

THE picture of Prince Charlie's progress through Edinburgh in the '45, on horseback and bowing to the welcoming crowds—you've all seen the picture—was nothing to the progress of another prince ariding through Stewart's High Street.

* * *

EVEN the spirited gelding raised his ears to the occasion to permit his rider to hang his hat.

* * *

THE citizens of Stewart only wish such a boatload of such visitors would appear in the offing oftener.

* * *

AND that they bring their own policeman—the same one—again.

* * *

THESE Prince Rupert citizens who could have joined the excursion and didn't are sorry now, for what they missed.

For that coming birthday—why not a Birks' Diamond Ring?

It need not be expensive—we have some very dainty and distinctive designs that are priced as low as $50.

The craftsmanship of these rings is just as fine as that in our more expensive models—and every gem is a Birks' diamond.
