KETCHIKAN CLUB LOSES CHARTER

Police Closed Place up on Mon-
day Night as Result of Re-
cent Conviction Under
Prohibition Act.

The Ketchikan Club, Third Avenue West, was closed up by the city police on Monday night. This action followed a recent conviction against the place when the proprietor was found guilty of having liquor illegally in his possession on the premises. The matter was taken up by the police commission who recommended to the attorney general that the provincial charter be cancelled. This was in turn done by the lieutenant-governor in council and the police were instructed to see that the club was put out of business.

The supervision of these clubs following the enforcement of the new Liquor Control Act on June 15 comes directly under the police commissions of the cities who will, in future be empowered to close them up, without going to the attorney general when convictions are obtained against them.

"GIRL OF THE SEA" SUBMARINE PICTURE

Provides Many Thrills for Lovers
of Adventure—at Westholme
Tonight.

"The Girl of the Sea," a marine story is the feature at the Westholme Theatre tonight. This wonderful film was produced under the direction of J. E. Williamson, of the Williamson Submarine Corporation. It is technically accurate and although there are some marvelous feats performed there is nothing of the impossible or the delusive about the picture.

The story is a thriller from start to finish. Much of the photography was done under the sea and there are many adventures depicted. One of these is a most remarkable photo of a fight with a real octopus many fathoms below the ocean's surface.

Taken altogether, the film is one that is well worth seeing and one that will be enjoyed by all who love adventure.

ELSIE JANIS BACK AGAIN AFTER ABSENCE OF NEARLY TWO YEARS

This Popular Actress Stars at
Empress Tonight in "A
Regular Girl."

It is to the movies, now, that Elsie Janis has taken her pep and personality, and after two years without even a glimpse of her, we get our chance to have her with us again tonight and tomorrow night when she comes to the Empress Theatre in her first Selznick picture, "A Regular Girl."

Elizabeth Schuyler, a social butterfly, returns to New York after her canteen service abroad and is loathe to fall back into the idleness of former days. Her dad credits her irritability with her need for a rest, and he sends her to a sanitarium. Here, Miss Schuyler's nurse turns out to be the one with whom she worked in France. Elizabeth confides her plan to her, and is helped to run away and call in her overseas guise of "Lizzie" at a boarding house where many of her pals are stopping. She tells them she is with them once more this time to help land them their old jobs. "Lizzie," with much struggling, finally gets her fiancé, a young attorney, to acquiesce to her scheme. Of course, he knows that the sooner the song and dance team are signed by a theatrical manager, and the prize-fighter is reinstated into the ring, and the inventor has his brain-child patented, "Lizzie" will have a few spare moments to marry him. Therefore everything culminates blissfully with all the pals attacking employment.

RICH ORE UNCOVERED INDEPENDENCE GROUP

Reported Bear River Property,
Turned Down Last Season,
Now Showing Up Well.

STEWART, June 29.—Fitzgerald Bros., who are again conducting operations this season on the Independence Group, in the Bear River Valley, have uncovered a large body of gold, silver and copper ore, according to reports reaching town. A sample taken a few feet from the surface has returned an assay of \$32. The ore body has been shown up for about 100 feet in width.

Last year this same property was drilled and turned down by the Algonquin Syndicate. The strike has been made about 1200 feet below where the property was drilled last season.

Gasoline in Boats.
Editor, Daily News:—In reference to your editorial of last Monday regarding care about gas boats I would say that no gasoline should be in such a shape about an engine that it would be exploded by the lighting of matches or smoking.

Gasoline cannot ignite unless it is mixed with oxygen and proper care of tanks and pipe lines will make this impossible. When it is not safe to light a match in a gas boat engine room it is not safe to operate at all.

TRADITION UPHOLDS IT!

In 1477, at the betrothal of the Archduke Maximilian to the daughter of Charles the Bold, a ring set with a diamond was used.
Thus as long ago as the fifteenth century the diamond was the accepted betrothal symbol.
Birks' Diamonds, because of their assured perfection, are doubly appropriate, and our quantity buying gives you an added advantage in price.
