BRITAIN'S LOANS TO CROWN COLONIES

Twenty Million Pounds to Be Raised for Purpose Soon.

LONDON, Dec. 20.—(By Canadian Press).—Considerable attention has been directed lately to the Crown Colonies and to the policy of loans for their development, sanctioned by the Colonial Office. The loan programme now authorized contemplates the raising of some £20,000,000 for public works of immediate importance. Of this total £6,000,000 has been raised already—£3,000,000 for railway extensions, etc., in Geylon, and £3,000,000 for railway, harbor and other construction in Nigeria. The loan of £5,000,000 for Kenya, Africa, issued on November 17th, is to be devoted, among other objects, to the making of the East African Railway, and a deep-water pier at Kilindini Harbor, Mombasa, which, as Mr. Hon. Winston Churchill, Secretary of State for the Colonies, explained to the Imperial Conference, will enable steamers to be unloaded straight on to the Uganda Railway. It is expected that when the pier is completed this port will become the chief distributing centre for the trade of East Equatorial Africa.

Writing on the subject of Kenya's prospects, a correspondent of the London Times says that Kenya is to a great extent the product of the Uganda Railway, which was begun in 1895 with the dual object of opening up Uganda and suppressing the slave trade. The 587 miles of this railway run from the coast to the slopes of Victoria Nyanza. Before the line was built this part of East Africa was practically without trade, nor was it used as a route to the great lakes. In its early days, as the East Africa Protectorate, Kenya involved heavy burdens on the British taxpayer, but by 1913 the revenue began to balance the expenditure, and for the year 1920-21 the revenue was £1,925,260, and expenditure, £1,944,614, in spite of heavily inflated prices.

INCINERATOR BYLAW PUT THROUGH READINGS

The \$15,000 city incinerator bylaw was put through its first and second readings and committee stages at the council meeting last night. It was found to be impossible to put the bylaw through reading \$15,000 or any portion of that sum that might be required so it was decided to submit it for the full amount. The site of the incinerator has not been set out, that being left for the new council to consider. The bylaw will go before the ratepayers at the next municipal election of January 12.

TENDERS OPENED

City to Purchase 6 Wheelbarrows and 6 Shovels for Immediate Requirements.

Tenders for six wheelbarrows and six shovels were received by the city council last night and were referred to the mayor and the city engineer with power to act.

The bids were as follows: Thompson Hardware—Wheelbarrows, \$11.75 each, shovels, \$1.35 each, total, \$78.60. Howe & McNulty—Shovels, \$16 per dozen, wheelbarrows, \$11.25 each, total, \$75.50. Kaizen Hardware—Shovels, \$19 a dozen; wheelbarrows, \$11.50 each, total, \$78.50.

OFFICIAL ELECTION COUNT POSTPONED

Will Take Place on January 7 Following the Arrival of Last Box from Telegraph Creek.

The official federal election count for Skeena constituency by R. W. Cameron, returning officer, will likely be postponed from December 27 to January 7. This will be made necessary because the ballot box from Telegraph Creek will not be here until January 6 on the arrival of the Princess Mary on that date. Mr. Cameron expects that all the other boxes will have arrived by that time. The Tow Hill box is expected on the Princess Albert when that vessel returns from the Northern Queen Charlottes on Wednesday. The Kitimat box will be in early in January if not sooner.

The Elections Act empowers the returning officer to postpone the official count for a fortnight if circumstances and conditions make it necessary to do so.

DOWNSTAIR STORE TO GIVE GOOD SERVICE

Rupert Table Supply Makes Good Display in Helgerson Block Basement.

The Rupert Table Supply have moved from the store on Sixth Street to the basement of the Helgerson Block, with entrance on the corner of Sixth Street and Third Avenue. This basement has been recently remodelled, the walls have been concreted and concrete piers have been put under the foundations. The spacious floor space now affords ample room for the display of the very complete and large stock of groceries, meats, fresh fruits, vegetables, etc.

The move has only just recently been carried out and when business gets running smoothly it is anticipated by this well known local provision house that the new premises will afford of their being in an excellent position to render the public of the city even a more expeditious service than formerly.
