FREIGHT RATES ARE DUE FOR A TUMBLE

Revision Possible About September 1, Manufacturers Concerned.

TORONTO, July 28.—There are a variety of rumors afloat with regard to the prospective developments on freight rates. There is a general impression among traffic men that the anticipated reduction cannot be long delayed. In some quarters it is maintained that the revision in rates will take effect on September 1. Manufacturers are much concerned with the outcome, since they will be affected both directly and indirectly. Firms that sell their goods extensively in the Prairie Provinces are likely to find that a reduction in rates will give Western grain growers a better price for their grain and will accordingly provide more funds to purchase manufactured goods.

DECLARES TEACHERS TOOK PART IN ROW

VICTORIA, July 28.—Following the emphatic declaration of officials of the B.C. Teachers' Federation that they had not interfered in the present High School row, as charged, Mrs. Georgina B. Clarke, High School teacher, filed with the School Board last night an affidavit to the effect that she had been told by a Miss Moore "that the Federation intended to take steps to see that no teacher held a position in the Province of British Columbia who was not a member of the Teachers' Federation."

The name of the Teachers' Federation was dragged into the High School imbroglio when Principal Dr. Alexander Robinson in a letter to the School Board regretted the tendency of teachers' bodies to combine to protect inefficient teachers. Federation officials warmly denied that their organization had done any such thing, as did E. Hamilton Smith, representing the High School teachers. They also denied that the organization had attempted to force any teacher to join it.

Give the preference when you buy to the merchant who advertises in the daily newspapers and not in the weekly papers.

Take notice that I intend to apply to the Chief Commissioner of Lands for a license to prospect for natural gas and petroleum over 640 acres of land as follows:

Commencing at a post planted at the southwest corner of Section 31, Tp. 9, Graham Island, marked A. A. M.'s S. E. C. thence north 80 chains, east 80 chains, south 80 chains, west 80 chains to point of commencement.

Located May 22nd, 1921.
