NEW SPEED
BOAT BUILT

Kenny Rood's Runabout, "Miss
Chief" to Contend for Honors
This Fall.

The "Miss Chief" is the name
of a new speed boat which
Kenny Rood has now nearly
finished building and which will
be launched in the course of
a week or ten days. This run-
about, which will be entered in
speed boat races this fall, is
14 feet, 6 inches long and 52
inches beam. It is built of red
cedar and is very light. A new
feature will be an 8 inch step
about one-third way down the
hull underneath which it is said
will make the craft develop
greater speed. This is an inno-
vation that has not yet been tried
out on local boats, but it is said
to be very successful.

Ford Engine.
"Miss Chief" will be engined
with the geared Ford engine,
which was in Kenny Rood's last
season's boat, "Buddy." She will
have a forward drive and the
propeller shaft will pass
through the bottom of the boat
through the upright partition
made by the step. The craft
will have a speed of about 20
miles as compared to the 17
miles of the "Buddy." She is
a neat looking little craft and
should prove a formidable con-
tender for speed honors this fall.
She is at present in the boat
shed back of Kenny Rood's gar-
age on Third Avenue West.

Swimming Gala Will Be Held at Salt Lakes on August 7; Good Events

The Prince Rupert Swimming Club's gala day will be held
at the Salt Lakes on Sunday, August 7, according to a decision
reached by the executive of the club. The date is much earlier
this season than it was last so that better weather conditions
may obtain for the event.

Two features of the day will be a relay swimming race and
a half-mile race. In the former two entries are already made
from the Elks and the Sons of England. It is possible that the
Sons of Canada and the Great War Veterans may also enter teams.

Sport Chat

If the Sons of Canada win
or draw the football game with
the Great War Veterans tonight
they will clinch the champion-
ship of the Senior League. The
Sons of England and the Great
War Veterans are out of the
running and the best the Calles
can do will be to tie with the
Sons of Canada. If the Calles
are to do this, the Sons of
Canada will have to lose to-
night's game and the Calles
will have to win their two re-
maining games, both of which
will be against the Veterans,
one a regular league fixture
and the other a postponed game.
If this happens the two teams
will each have eight points in
the standing. A win or draw
for the Sons of Canada or a loss
or draw for the Calles will as-
sure the former team of the
league championship. The Cal-
les are hoping the Veterans
will be successful tonight for
they have a great measure of
confidence that they will be able
to turn them in the two re-
maining games and thus tie up
the league standing.

The situation in the Baseball
League is not so safe for the
Sons of Canada. With their win
over the Red Sox last night the
Elks are but two games behind.
On Monday night the Elks and
Canadians again play and if the
former team is successful the
standing will be tied with four
games to go between the two
teams. Then the fun will com-
mence for the Elks have been
showing a good deal of good
form lately and their team is
pretty evenly matched with the
Sons of Canada. There are like-
ly to be some good interesting
matches between these two teams
before the season closes.

The firemen are not wasting
any time in getting the work
of building the hand ball court
next to the City Hall started.
Now that the council has de-
cided to supply the lumber, the
work will be done by the boys at
the Fire Hall and they are al-
ready getting busy. The court
will be used pretty steadily once
it is established. That is sure.
Its use will not be confined alone
to the city employees but the
public will also be given a
chance to play there. It will
prove a valuable asset to the
city and will give opportunity
for much good practice.

HEALTH ACT.

Regulations in regard to the retention of
fish in boats, crates or other en-
closures.

"Retention of live fish in boats, crates
or other enclosures, any waters of
British Columbia, is prohibited, provided,
however, that some may be retained alive
in a fishing boat during fishing operations
on the fishing grounds and when in transit
from said grounds to the market."
Approved July 21, 1921.
PROVINCIAL BOARD OF HEALTH.
Victoria, B. C.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO
LEASE LAND.

In Range 5, Coast Land District, Regarding
District of Prince Rupert, and situated
on Graham Island, being the northeast corner
of Section 19, Tp. 10, Gr. 10, Graham Island,
marked N. S. C. S. E. C. 1, I, Claude C. Keelchum,
mariner, intend to apply for permission
to lease the following described lands:
Commencing at a post planted about 200
feet from head of Iskutis Inlet, thence
north 80 chains, east 80 chains, west
80 chains, south 80 chains, east 80 chains
to point of commencement.
July 25th, 1921.
