DAILY EDITION. Saturday, January 8, 1921.

No Politics Except During a Campaign.

Colonel Peck made a very wise remark at the Board of Trade meeting last night when he said that there was too much politics in Prince Rupert. The colonel urged that politics be kept for political campaigns and not be continually in evidence. The News has been one of the leaders in this movement and has endeavored to avoid political wrangling. When the fight is on we shall fight, as the colonel suggested, but between elections let us all forget our differences and remember nothing but the welfare of Prince Rupert. Unfortunately political questions are inextricably bound up with the welfare of the city, so that it is difficult to separate them at times. When there is studied indifference to the needs of a place by a government, there seems to be nothing to do but advocate turning that government out.

Be Loyal to Place Where Get Living.

Colonel Peck further urged that people should be loyal to the place where they make a living. That is sound doctrine. Anyone who is not sufficiently satisfied with a place to speak well of it, should seek other climes. To knock the place in which you live in as bad as foul, is your own nest. It always reacts on the person who does it.

This has no reference to either of the officials slated by the Colonel yesterday. They should be able to defend their own actions, unless they feel that holding official positions debars them from replying.

There are many people who have lived in Prince Rupert for years yet see nothing good in the place. They are unfortunate for they lose much of the pleasure of life. Prince Rupert people do not offer their climate for sale, but that is no reason for always talking about it. It is not as bad as it is painted. Give us plenty of business, some good citizens and friends and no one cares about the climate. We do not live on climate. Prince Rupert is one of the best places in which to live, if you are busy, and if you are not busy, there are other places particularly suited for loafing. The South Sea Islands are ideal for the purpose.

Board of Trade Off To a Good Start.

The Board of Trade is off to a good start. The new president is keen and vigorous and should be able to follow up the good work done by former presidents. While the financial condition of the board is not good, owing to its very active work, the results should be of great benefit to the city.

There are still a good many businessmen who are not members of the Board of Trade. It is the one organization that does the publicity work for the city and that keeps the interest of the city and district always to the fore. It is worthy of the support of everyone. It is to be hoped that in the coming year it will get that measure of backing which it deserves. If all the men who do business here would join the board, there would be money enough to carry on without difficulty.

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-TIVES"
The Wonderful Fruit Medicine

MR. FRANK HALL
Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'.

I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

PRINCE RUPERT TIDES

Friday, January 7

High, 9:39 a.m., 18.3 feet.
12:17 p.m., 20.6 feet.
Low, 6:26 a.m., 9.3 feet.
19:09 p.m., 4.3 feet.

Saturday, January 8.

High, 1:16 a.m., 18.9 feet.
12:54 p.m., 21 feet.
Low, 7:2 a.m., 8.9 feet.
19:10 p.m., 4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer. What is most disagreeable on washday? Isn't it the mussiness of wash water; the steam of boilers and tubs, the lifting and hauling? And it's of that we relieve you—at a cost truly moderate.

We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.

Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; and other pieces that require it we starch and make ready for you to iron in your own home.

In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.

It's a truly economical service within the means of every woman—we're sure you'll like it immensely.

Telephone, we'll welcome an opportunity to tell you more about it.
