"You Are Working Too Hard, John"

"WELL, I cannot help that. I am trying to figure out how the business is going to pull through and meet the liabil- ities with prices falling the way they have been lately."

"But, John, if anything happens to the business your health will be more neces- sary to you than ever, and you cannot afford to take chances of putting such a strain on your nerves. You are looking so worried and nervous, and you do not half sleep."

"What am I to do? You know I have got to keep plugging along and try to see things through."

"One thing you can do is to begin a treatment of Dr. Chase's Nerve Food. You know how well that brought

CLEARING BANDITS FROM HOLY LAND

Notorious Leader Killed and Band Scattered, While Mueira is a Fugitive.

JERUSALEM, March 31.—Band- its have flourished in the Holy Land as well as in other parts of the world since the beginning of the war. The police are now try- ing to put an end to their activi- ties.

Abdul Hadi Kaba, the notorious outlaw leader, who is said to have several murders to his own per- sonal credit, was shot and killed at Zichron Jacob recently while at- tempting with several companions to escape arrest.

The Galilee district police, in co-operation with the authorities of Ajlun, successfully attacked the Speitan section of Mueira's gang of bandits at Kafé Ahil and cap- tured several of them. Mueira himself is a fugitive on the other side of the Jordan and it is be- lieved that his followers are scat- tered.

The Man in the Moon

SAYS:—

A MAN pays attention to a girl, then he pays her bills and later he pays the doctor.

IT was a labor leader who tried to explain the system of direct action to his wife and since she adopted it, he is sorry he spoke.

THE latest thing in censorship is to have persons go around among the guests at a dance and supply with shawls those not fully equipped with covering below the neck. If all are to be covered, it will take an immense number of shawls.

AND what about a shawl around the knees?

SKIRTS are all right as far as they go, but some of them do not go very far.

"DOCTOR, doctor," exclaimed the man over the telephone. "My mother-in-law is at death's door. Come and help to pull her through." Having a mother-in-law of his own the doctor went.

LIFE would be all right if one did not have to get up in the morning.

ANY excuse is good enough to keep a person in bed an extra half hour in the morning and a still dimmer excuse is needed to make him stay out a few hours at night.

ONE case where the lower is higher than the upper is found in the case of sleeping berths.

HOW blind some girls are. They never seem to realize they are pretty unless you tell them. That is why they like it.

Here's Another Labor Saver!

After the soaking in gasoline in the cleaner we showed you last week, this machine—

THE "EXTRACTOR"

—by centrifugal force removes all the moist gasoline and dirt. It revolves at 4,500 revolutions per minute and the specks of dirt and drops of gas just fly out of the garments. It is a marvel. No shaking or tugging at the clothes or straining any weak parts. The garments lie quiescent, but the dirt gets out quick!!
