LOCAL WHISKEY CASE SHOWN AT WESTHOLME

Famous Comox Avenue Fraud
Adapted in Movie Scenario at
Westholme Tonight

Prince Rupert's whiskey selling fraud which figured in the local courts has been adapted for the movie actors and the result is a picture which is to be shown tonight at the Westholme Theatre in "What Happened to Jones?"

This particular eludestine whiskey salesman with whom Bryant Washburn has become involved has a clever scheme to trap the dollars of the unwary. He fills small compartments in barrels with whiskey, the remainder with pure water. So neatly are these barrels constructed that the outsider, on sampling the whiskey that runs from the compartment to the bung-hole, little dreams that the precious liquor is surrounded by water. Thus does the comedy drama tell of those who thrive and grow wealthy on prohibition.

HAD BAD COUGH FOR THREE YEARS

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health. There is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complications.

Mrs. John Miller, Minburn, Alta., writes:—
"I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely relieved. I always keep a bottle in the house, and also recommend it to others."

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years, and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 60c. a bottle; manufactured only by The T. M. Munn Co., Limited, Toronto, Ont. Advt.

The Tragedy of the Uninsured

No man appreciates the value of LIFE INSURANCE so much as the man who is not insured. The plight of the hordes of men in this unfortunate position must force you to realize the necessity of insurance.

If it is only \$1,000 policy to start with you ought to insure that much protection to your wife and kiddies. Now, Tomorrow may be too late.

This can be done in the Mutual Life Insurance Co. of Canada.

SPORT

There is a hint of dissatisfaction among several of the teams which propose to join the Prince Rupert Football Association series this year, that one or two of the organizations which also propose entering teams have gone beyond the bounds of fair play in their enthusiasm in obtaining players for the season. According to the constitution of The Dominion Football Association, with which the Prince Rupert Football Association is affiliated, no team or representative of a team is allowed to sign on players for the season on forms other than those supplied by the secretary of the association after the association has been organized for the year. Thus any player who has been signed on so far this year here is not signed properly or constitutionally and the association is empowered to cancel his engagement. The annual meeting of the association is next Tuesday and until after that meeting there will be no officers who are entitled to conduct this year's business of the organization.

Among the reforms that are being urged and may be adopted by the Prince Rupert Football Association this season is the appointment of a board of control which would act as a final tribunal for all disputes that might arise over the suspension of players, appointment and support of referees, etc. The board would act independently of the league proper and its decisions would overrule any made by the delegates. It would consist of three or five members, preferably five, who would be non-players and non-officials of the league. This would be along the lines of constitutional football and would provide a body of fair and unbiased judges free from factional associations who could settle all disputes fairly. In the past the settlement of disputes in some cases has not been received with the best of grace under the old system of delegates.

There will be three cups in competition this season for local football teams. For the season's series and the city championship there will be the Mobley Cup now held by the G.T.P. who will not have a team this year. For the Gilly Cup now held by the Gillys there will be a special series arranged and there will also be the Dominion Day cup ties for the City Cup, also held now by the Gillys. Last year there were a large number of medals awarded, some players winning as many as three. There were medals for cup series games and there were medals given when any extra effort was made. In fact the medal question was quite overdone. In no other place were there ever so many medals and it is doubtful if it did any good to have so many here. In fact it is thought that the main championship was forgotten with the chances for medals so frequent and easy. Fewer medals this year and more enthusiasm for putting up one's own team would do no harm.
