SITUATION AT ALICE ARM IS BRIGHTER NOW

Two Logging Camps Running in District and Road Work Continues

ALICE ARM, April 8. The labor situation around Alice Arm is picking up and times seem brighter than has been the case for the past few months.

Two logging camps are now running and are employing some what over a dozen men. One of these camps is located at Silver City and the other at Roundy Creek, where A. Maguire and Joe Wheatley are taking out logs.

The provincial government are still operating a gang of about forty men on the construction of

To Be Troubled With Constipation

The Cause of Many Ills

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. S. Harris, Box 934, Halifax, N.S., writes:—"For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

the road from the wharf to the town. The government will carry on the work with day labor until the contract for the remainder of the work is let. Tenders are now being called by the department of public works.

Dolly Varden

There is no definite word as to the resumption of work at the Dolly Varden, but there is a report that the mine will operate at least six months this year. A. J. Taylor, the president of the Taylor Mining Co., the operating firm, is at present in England, and it is understood his mission is in connection with the future activities of the mine. It is the general opinion that a concentrating plant will be necessary before mining on any large scale may again be carried out. Major North, manager of the mine, was expected here this week, but did not arrive. The Bellevue Group, up the Alliance River, it is expected, will operate on a larger scale this season.

Louis Izzo, W. Campenella and T. W. McCormack were among the Anxoy arrivals on the Prince George last evening.

Mr. and Mrs. W. Lee and family came in from Inverness on last night's train.

REV. ARTHUR GARLICK GOES TO METLAKATLA

Will Take Place of Rev. A. E. Price and Look After Inverness

The vacancy caused by the return to England of the Rev. A. E. Price is to be filled by the Rev. Arthur Garlick. Archbishop Du Vernet has arranged for Mr. and Mrs. Garlick to remove from Burns Lake to Metlakatla on May 11. During the summer season they will live in the Church Rooms at Inverness and minister to both native and white people at the various churches as Mr. Price did in the summer time. Rev. Wm. Sweetman will temporarily take charge of St. John's Church, Burns Lake, until the archbishop secures another clergyman for this mission.

NAAS MISSIONARY

The Upper Naas Valley where Rev. J. B. McGillich, now ill in the hospital here, labored as a missionary for over thirty-seven years, is not to be neglected from a Church point of view. Archbishop Du Vernet has secured the Rev. Oliver Thorne to fill the vacancy caused by Mr. McGillich's resignation.

Mr. Thorne and his wife and two children are expected to arrive here about the middle of May, and will proceed up the Naas River before the high water hinders navigation. He is an expert gardener and has a practical knowledge of farming and so will be able to give instruction to the native boys along this line.

The Aiyansh valley is very fertile, because not too far from the moisture of the sea, although behind the Cascade Range of mountains.

SCHOOL PLAYROOMS IN NEW BUILDING

At the school board meeting last night Principal Macdonald suggested that at least two rooms in the basement of the new school building be set aside as playrooms for the children on wet days and for places where they might eat their lunches. There was a good play basement in the King Edward School.

It was decided that next month the board would meet the principals at the building and go into the matter of allocation of the rooms.

TERRACE

Many Prince Rupert people are already seeking quarters here and at Lakelse for summer camping.

Kenny Bros. have got out an attractive eight page folder descriptive of Terrace and district.

Messrs. McNicholl and Melver left last week for their homes in Saskatchewan after having spent a year working at the sawmill here.

E. S. Cole has sold his house in town to E. T. Kenny and is moving to his farm south of town.

James Lever returned this week from a trip to Rupert. He will spend the season assisting his father, F. W. Bohler, on the farm at Kitsumikahm.
