Shows Value of Team Work.

We have in this city a Board of Trade simply because a group is stronger than an individual. If this group is united and determined and has in it lots of vigor it can often accomplish much. Political parties are organized because in a group they are stronger than as a collection of individuals. Organization is a great thing, but organization without individual effort is valueless.

Why Not Cabinet Position for Stark?

There cannot be more than three Liberal members go to Ottawa from this province unless we add Neil of Comox-Alberni to the group and make it four. One of these is likely to have a position in the Mackenzie King cabinet. Why should it not be the representative of this young and vigorous community?

Team Work to Get Road Out of City.

Some team work is necessary to get the road out of the city to Galloway Rapids commenced this winter. There is some unemployment in the neighborhood. In order to keep the men working throughout the dead part of the winter, and at the same time to give us a much needed improvement, this seems a suitable time to commence the road.

Team Work to Get Bunkers Erected.

It will take team work to get bunkers erected here. For a little while the new government will be busy organizing the departments and looking into matters of general policy. It seems likely that there will be changes in the railroad management, or at any rate in the policy of the management.

Acquire the Habit

Doubtless you know persons who, notwithstanding small salaries, have more substantial savings than you.

It is all in getting the saving habit. Persistently deposit \$5 in your savings account every week for five years, and with interest at 3% compounded semi-annually, your balance will total \$1,401.74.

SAID HE COULD NEVER BE WELL

"Fruit-a-ives" Restored Him to Health

150 AVENUE PICKS IN. MONTREAL

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured. At this time, a friend advised me to try 'Fruit-a-ives'. After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid!"

The Man in the Moon SAYS-

SANTA CLAUS will be here soon if you don't watch out.

LET'S see, there was an election recently, I believe. But that is almost forgotten.

AMONG those things that don't get you anywhere is thinking about what might have happened if you had done something you did not do.

WE have erred and strayed from our ways like lost sheep or like a bunch of goats. There is little difference.

A FAILURE is the man who is afraid to do more than he is paid to do.

NOTHING hollow about the ring of Quebec, Nova Scotia or P.E.I. Each was as solid as a block of steel.

THE next important problem is to prune down the size of the list of Christmas presents to make it conform with the size of the pocketbook.

JUST two weeks from next Sunday and we shall once more face a table groaning with a load of indigestibles.

THE young lady said she felt sure she would scream if he kissed her but begged him not to mind that.

POSSIBLY you have heard of the little lad who was late for school and on being asked the reason for the delinquency replied "Please teacher, I over-washed myself."

A FOOL and his money are soon parted but so is a man and his hair, husband and wife, clothes and the buttons.

IF the wolf should be at the door this winter, just shoot him and sell his fur. Wolf fur is in demand.

FORMER RUPERTITE GIVING LECTURES

The Literary Club met yesterday afternoon at the charming home of Mrs. Charles E. Wilson. The Uplands, when Major Bullock Webster gave readings from the works of Stephen Leacock and Drummond's Habitant poems. He also presented scenes from "The School for Scandal," Mrs. Wilson taking the part of Lady Teazle in the quarrel scene. Afternoon tea was served by the hostess at a table beautifully arranged with pale yellow chrysanthemums in a cloud of yellow tulle lighted by candles in Venetian sconces.

VICTORIA WARMING UP FOR ELECTION IN CIVIC CAMPAIGN

VICTORIA, Dec. 8.—This city is warming up with regard to the civic campaign. There are a number of candidates already in the field for alderman and William Marchant is to oppose Mayor Porter for the chief position. In announcing his policy to the people Mr. Marchant published the following letter:

"Will you permit me as a candidate for the office of mayor to state to the citizens through your columns some of my reasons for entering the contest. It is unfortunate that a Federal election overshadows municipal issues, otherwise the interest in local questions would by this time have reached the indignation stage.

What can be more appalling than to know that the civic administration under the leadership of Mayor Porter has directed \$168,978.00, according to the auditors' report, from the local improvement sinking fund to the current expenditure.

"What can be more alarming than the knowledge that there are thousands of unemployed men in the city vainly seeking for work, and that the civic administration under Mayor Porter has made no preparation for coping with the situation?

"What can be a greater declaration of incapacity than to see on every hand civic work needing laborers, improvements required in every section of the city, and no provision has been made to deal with these things?

"High taxation has come through reckless borrowings; enormous interest charges are paid in every branch of the city's financial management, yet helpless children must suffer and mothers stand by looking for means to supply food and clothing, because the mayor and council refuse to recognize the awful blundering of the past, and adequately provide for the present.

"I propose if elected as mayor to demand that provision shall be made in the civic budget for employment in the winter months and that the sins of the city fathers in the boom period shall not be visited upon the children of this generation."
