**BRITISHERS GET BETTER OF YANKEES**

TRAYERS ISLAND, July 29.—The Oxford-Cambridge athletic team, which was defeated by Harvard-Yale, yesterday made a comeback by getting the better of Princeton-Cornell athletes. The advantage was only a slight one, so slight that it was decided officially to declare the result a draw.

Oxford-Cambridge carried off five firsts and six seconds while Princeton-Cornell won five firsts and five seconds.

This is the second of a series of athletic events between visiting teams from the two big English universities and combined American universities.

**FALCONS DEFEATED CUBS LAST NIGHT IN JUVENILE GAME**

The Falcons defeated the Cubs in last night's Juvenile League game by a score of 7 to 3. G. McNulty was the pitcher for the Falcons and N. Comadina was behind the bat. G. Selig and W. White were the Cubs' battery. The standing to date is as follows:

W. L. P.	P.
Falcons	9 5 643
Midwest	8 5 616
Cubs	3 10 231

**Sons of Canada Are Senior Football League Champions As Result Game Last Night**

By drawing with the Great War Veterans in last night's Senior Football League game by a score of 1 to 1, the Sons of Canada have won the league series and cannot now be displaced from the leadership by any of the other clubs. On account of the importance of the game last night, there was quite an attendance. The Veterans put up a great struggle against the Canucks, and had they been served by one good steady forward there is no knowing what might have happened, especially in the latter half of the contest. Throughout the game was well contested, and defence work effectively stemmed either side's attacks.

In the first half, the Sons with the incline and sun in their favor had the best of the play but ineffective work by the forwards spoiled any chances that came their way. Briece, the Vets' goalie, had a number of shots to clear but none of them were really dangerous. Robinson, for the Sons, was especially weak at outside right and failed to gather the ball most of the time, while Moffatt seemed to be over eager. The other wing was somewhat better but the same chance was not given them, although Lane supplied Swan with the best scoring chance of the game which was, however, made poor use of. At the other end the Vets forwards were just about on a par with the Canadians, the main weakness here being at outside right where Hardy was continually wandering. It looked as if there would be no scoring in the first half when the Sons were awarded a penalty from which Shakespeare beat Briece and gave his team the lead.

**Situation Changes.**  
 In the second half there was quite a change in the condition of affairs, the Vets now getting largely in the picture. Thompson was given plenty to do but all from too long a range to be effective. The Sons, too, were trying hard but it was seldom that they got within dangerous distance of Briece, Stewart, Ross and Davis proving their main stumbling blocks. The Vets' outside men were crossing some dangerous balls in this period but Harry Menzies usually managed to reach his position in time and relieve the pressure. During a hot attack on the Sons goal the ball was handled within the penalty area and Ed. Ross made no mistake scoring a goal which gave Thompson no chance.

Excitement now came to a head and it was within the next fifteen minutes that the Vets had their best chances but they lacked leadership in driving home to advantage. The Sons had one or two good attacks on the Vets' goal and it looked as if Moffatt would score on one occasion but the ball was ultimately cleared. The Vets forced a couple of corners from one of which Harding hit the cross bar. No further scoring took place and the game ended a one to one draw, both scores having been made from penalties.

**The Lineups:**  
 Harry Menzies, Shakespeare and Lane were the star players for the Sons of Canada while Stewart, Ross and Davies were the shining lights in the Veterans' team.

G. S. Russell was referee with S. L. Warrior and R. Stewart as linesmen. The teams took the field as follows:

Sons of Canada—Thompson; V. Menzies and H. Menzies; Anderson, Shakespeare and J. Mitchell; Robinson, Swan, Moffatt, Clarke and Lane.

Great War Veterans—Briece, Davies and Stewart; Lumsden, Ross and Craggs; Hardy, Young, Boote, Wiggins and Harding.

The Senior League standing to date follows:

P. W. L. D. Pts.	
Sons of Canada	6 3 0 3 9
Sons of England	6 1 2 3 5
Canlies	4 1 1 2 4
G. W. V. A.	4 0 2 2 2

**Sport Chat**  
 The speed boat racing season is now approaching and local owners are preparing their craft for the various events that may be held. One new boat, at least, will be entered—Kenny Road's "Miss Chief." It has not the reputed speed that some of the other runabouts are said to have, but it is said to be a boat that will run. It has a reliable motor which should not break down and this reliability may win. In the past this factor has been lacking with some local boats and on several occasions, with laurels at hand, they have fallen down at the critical moment.

The annual Swimming Gala will be held a week from Sunday. The notice seems a little short and will call forth the sudden preparation of those who intend to contest in the events. There will doubtless be many entries which should exceed last year's in number. At the present time it appears that the Gala will be anything but a money-making proposition. The Swimming Club have a lot of prizes to provide but has made no provision for revenue. Possibly at the meeting on Monday night it will be arranged to have entry fees for the races. The members seem loath to consider the advisability of charging at the gate although there will be hundreds in attendance if the weather is fine.

The Prince Rupert Board of Trade has been requested by the Telkwa Barbeque committee to co-operate in the endeavor to secure the running of a special train to the interior town for their big celebration on September 5. A certain guarantee will have to be put up before the railway company will send out a train and the Telkwa people consider that this would be a good opportunity for the local Board of Trade to carry out the desire that has been expressed on several occasions to visit the Bulkley valley. In such an attempt it is very likely that local sporting bodies would also proffer their co-operation.
