PLAN FOR NEW PULP PLANT AT KITIMAAT ARM FLYING BOATS WILL SAIL BETWEEN VANCOUVER AND RUPERT IN SPRING

Another Big Pulp Company Incorporated in Province

Firm headed by former Lieutenant Governor of Manitoba establishes with capitalization of Fifteen Million Dollars

Plant at Kitimaat Arm Is Among Its Projects

Work to be started now on Pulp Mill at Harrison River the first of its plans

VANCOUVER, January 4.—(By Canadian Press).—With a capitalization of \$15,000,000 the Harrison Lumber and Pulp Co. has been granted provincial registration. The company is headed by Lieut.-Col. Sir Douglas C. Cameron, former lieutenant-governor of Manitoba and one of that province's most prominent lumbermen and financiers.

Work will be started on a new pulp mill at Harrison River. It is also proposed to construct a pulp mill and possibly a paper mill on Kitimaat Arm. At the present time surveys are going on at Kitimaat Arm for pulp mill sites and applications are being made for water rights.

Kirk Retires from Mayoralty Contest

In withdrawing says will leave Gale to adjust civic crisis he has caused through inefficiency

VANCOUVER, January 4.—Ex-Alderman Thomas H. Kirk today withdrew from the mayoralty field as an opponent to Mayor R. H. Gale. Mr. Kirk has decided after having announced himself as a candidate to leave Mayor Gale the job of extricating himself and adjusting the civic financial crisis which he alleges the present mayor has created through his own inefficiency.

Ex-Mayor Louis D. Taylor and Mayor Gale appeared to be the only candidates who will be nominated on Thursday for the chief magistracy. Mr. Taylor is conducting an energetic campaign, appealing to the workers through the unemployment conditions.

RUPERT LEAVES DOCK AND ATLAS BEING TAKEN IN

Wrecked G. T. P. Boat Now at
Company Wharf—Atlas
Will be Surveyed.

The wrecked steamer Prince Rupert proceeded from the Hays Cove dry dock at 4 o'clock this afternoon to the Grand Trunk Pacific wharf where she is now moored. Tomorrow, it is expected, the tenders for her repairs will be opened and the contract let. During her stay on the pontoons the damage as a result of her wreck was surveyed and officers of the company also were engaged in making temporary repairs to her hull and engines to make her more seaworthy.

This afternoon the tanker Atlas is to be lifted onto the pontoons and her damage will also be inspected by Captain Logan, who is representing the underwriters and who has held the vessel here until he can give her orders to proceed or have temporary repairs effected here, his decision resting on the outcome of his inspection today.

GRAND FORKS RESULT IS IN DISPUTE NOW

Stated Improperly Marked Ballots
would Give Conservative
Small Majority

GRAND FORKS, Jan. 4 (Canadian Press).—A judicial recount of election ballots in this constituency will commence next Monday. Thirty out of fifty rejected ballots are in dispute, twenty-five of these being marked for John McKie, the Conservative, who was defeated in the final count by E. C. Henniger by a majority of nine. The crosses on these ballots were placed immediately after the name instead of the proper space. If they are declared valid McKie will be elected by a small majority.

Shockley Gets Contract for Morse Creek Bridge

His Tender for \$16,157 is lowest of six received by City Council—Start within Ten Days

The contract for the construction of the Morse Creek bridge was awarded by the city council last night to E. H. Shockley, his tender, \$16,157, being the lowest of the six bids received. This action was taken by resolution of Aldermen Kerr and Currie after the tender had been examined and found in order. According to the terms of the contract, work will commence inside of ten days or the deposit of \$1,000 accompanying the tender will be forfeited.

Six Tenders.

The following were the tenders received for the erection of the bridge:

M. J. McNeil and A. Leveque, \$23,960.
George Scott, \$18,400.
C. A. McKinnon and J. T. Strome, \$19,405.
D. H. Morrison, \$24,700.
E. H. Shockley, \$16,157.
S. S. Magoffin & Co., \$21,645.

As an alternate proposition the latter company offered to do the work on a cost plus 10 per cent basis, any difference under the \$21,645 to be shared evenly between the city and the contractor.

The tender of McKinnon & Strome provided for all fire construction, the others being for fire and hemlock as specified.

Assessment Roll Is Brought Down

Marks Expiration of G. T. P. Assessment Agreement—37 per cent. Reduction General Taxation

Prince Rupert's assessment roll for the year 1921 has been completed by City Engineer F. S. Clements, assessor, and last night a summary of it was presented to the council by the city clerk. The new roll shows that there is a total of taxable property in the city amounting to \$10,413,912.50, which is an increase over last year's total of \$699,815. The reason for the increased valuation is that four and a half million of railway property is assessed this year, the taxation agreement between the city and the railway company having expired on December 31, 1920. There will be a reduction of 37 per cent in general assessment this year.

Important Assessment.

Ald. Perry inquired if the roll had been signed by the committee of two appointed by the city council to assist the city engineer in bringing it down. He was informed by City Clerk Woods that this had not been done, for when the roll had been completed one of these men had been out of town and the other did not care to sign without him. Ald. Perry stated that he would have liked to have seen the roll signed by this committee for it would be one of the most important ones in the history of the city with the railway company status now changed. Acting Mayor Rochester pointed out that the city assessor was responsible anyway and all this committee could do would be to strengthen his hand. All questions would be brought up at the court of revision and this would be where final adjustments would be made. He had not known, however, that the committee had not acted.

On motion of Alderman Perry, seconded by Alderman Currie, the report is to be received and filed.

SHOULD SPREAD TERROR ABROAD

Lenine Says That Enemy Bourgeoisie Should be Kept Busy With Their Own Troubles.

THEN THEY WOULD NOT BE ABLE INTERFERE SOVIETS

WASHINGTON, Jan. 4.—A new policy for the spreading of terror abroad has been decided upon by the Russian soviet government, say official advices from Moscow received today by the government.

Lenine is quoted as saying to commune committees in Europe: "It is absolutely indispensable that the enemy bourgeoisie be kept engaged with internal troubles in order that they cannot injure soviet Russia. Great strokes should be organized throughout the world to keep them busy with their own troubles."
