

Use Local Milk

When you buy a can of milk be sure it is a British Columbia product. The only way you may be sure is to insist upon Pacific Milk, for that is the only milk canned within our province. While we are facing an unemployment problem we should all insist upon goods made here.

UNEMPLOYMENT QUESTION UP

Central Labor Council Asked the City Council for Relief Measures.

A delegation from the Central Labor Council consisting of C. M. Smith, James Caskie, W. E. Dickson and W. Grant appeared at the city council meeting last night to lay before that body the condition of unemployment in the city and solicit aid towards giving relief for needy cases. The result is that thirty men are to be given employment at once for two days a week on street repairs on Sixth Avenue and the pipe line sidewalk and the council expressed the hope that with the Section 2 bridge under construction and the street surfacing scheme being carried out there may be further employment. A list of names of those especially in need is to be submitted by the council to the city engineer.

Between 200 and 400.

The delegation told the council that there were anywhere between two hundred and four hundred unemployed in the city and of this number there were at least fifty who were in straitened circumstances. Many of these did not like to apply to the police and it would be of great assistance if the city could offer some work. If something was not forthcoming for some of these men the city would find itself up against sending some of them south in charge of constables for they would have to help themselves. As the winter advances the condition would not improve.

Alderman Kerr, of the Board of Works, explained that about ten men could be handled by the city and at the rate of two days a week this would give employment to thirty men. This would be on street repair work. The water-works department was filled up but with the work of the Section 2 bridge and the street surfacing under way there would be further employment.

Tarvia Surfacing.

In regard to the tarvia scheme Ald. Perry was told that a bylaw would be brought in by the council next week. As yet no reply had been received from the provincial government in regard to the advance of \$50,000 for public works that has been requested from the government's relief fund.

INTERESTING GAMES OF BASKETBALL TONIGHT

Tonight's all-star basketball games promise to be keenly contested and fans are showing a good deal of interest in them. The married men vs. single men game will be refereed by Lee Dell and the match between the Colts and Beavers, of the Intermediate League, will be handled by Joe Scott.

The following line-ups will take the floor for the senior game: Married men—Clementson, Martin, H. Mezie, W. E. Willisroft and G. Dwyer, with Hill as spare. Single men—Craggs, Lane, Skespeare, Anderson and Smith. Easson and Hardy are the spares. Besides the men's game there will also be a game between the Colts and Beavers of the Intermediate League.

Take Care of That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time." But when it may wear out, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Larnshaw, Aspley, Ontario, writes: "Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that 'Dr. Wood's' has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with a new and untried remedy, but one that has a reputation extending over thirty years.

Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c a bottle, manufactured only by The T. Wilborn Co., Limited, Toronto, Ont.

"SCOTTY" MORRISON HERE FROM CARCROSS

Old Timer of North Now Fishes— Finds it Pays as Well as Mining

Joe (Scotty) Morrison, of Carcross, without a doubt one of the oldest and hardest of the pioneers of the North, is down as far south as Prince Rupert, the first time for twenty-three years. Mr. Morrison is registered at the Prince Rupert and is proceeding in a day or two to the hot springs near Ketchikan for a six weeks' course of the waters as a cure for rheumatism.

"Scotty," as he is always spoken of by his many old time friends of the Yukon and Alaska, is a remarkable man for his years. He is well over seventy and is now carrying on a most successful business fishing in the northern lakes during the summer months, where he has an excellent market at a good price, and says today that after all it pays better than mining, the calling he has followed most of his life.

PIONEER LANDMARK UNDERGOES CHANGE

Many Friends of Milt' Gonzales will be Pleased to See New Sign

One of Prince Rupert's landmarks underwent a change with the incoming of the New Year. The first barristers' and solicitors' sign to dangle in Prince Rupert's gentle zephyrs was that of Williams & Manson in July 1908 and that title has now merged into the larger name of Williams, Manson & Gonzales.

Milton Gonzales has been with the firm since December 1919 and his many friends will be pleased to see his name appended to the shingle of the city's pioneer law firm. Mr. Gonzales is the youngest member of the legal profession in Prince Rupert.

The Man in the Moon SAYS:

THAT it is often the least tempted who are the most critical.

THAT Bethmann-Holweg's grave shall be strewn with none of Belgium's flowers.

THAT Mayor Church seems to have a mortgage on the Toronto mayoralty.

THAT Mayor McClymont might have had one on Prince Rupert's if he had cared to carry on.

THAT it was a sensible young fellow who said after he saw two girls meet the other night and rapurously kiss each other: "I hate to see a woman doing a man's work."

THAT there are also lots of unemployed in that line.

THAT times are quiet in Prince George for while walking to his office last week City Clerk George met a two year old buck on Queen Street. Even had time to tell its age.

THAT Prince George should be a good place for one of those "Spirit of the Wild" authors. He could get inspiration on the main street.

CRIPPLED TWO YEARS WITH Ulcerated Leg

"Get Zam-Buk" was Friend's Advice.

Men and women prominent in Canadian life, continue to endorse Zam-Buk. Doctors, magistrates, nurses, ministers, all express the opinion that for dealing with skin injuries and diseases, there's nothing like Zam-Buk. Captain Richard B. Nunn, well-known in Vernon, B.C., here details his personal experience. Writing us about a chronic, ulcerated leg-sore that defied everything but Zam-Buk, Capt. Nunn says:—

"I have proved beyond doubt that Zam-Buk's healing power is infinitely superior to that of any other preparation I know. Not only is Zam-Buk effective where other remedies fail, but its healing is permanent."

When living in Vernon, B.C., I suffered acutely for over two years with a sore on the leg which despite all treatment turned into an open ulcer. I tried all kinds of ointments, liniments, etc., but the ulcer only got worse, and finally I decided that I had best go into hospital for treatment. Before doing so, however, a friend advised me to get Zam-Buk, which I did, and the first few applications gave such relief that I was encouraged to continue the treatment. By degrees all the soreness and inflammation were drawn out and then healing began.

To cut a long story short, perseverance with this wonderful balm made the leg quite strong and sound again. To me it seems, nothing short of marvellous that Zam-Buk should prove effective in such comparatively short time. There has not been the slightest trace of the ulcer since.

Whilst with the army I often had further proof of this great healing power of Zam-Buk. Over in France the men said it was invaluable for the many injuries and skin troubles incidental to a soldier's life. As everyone should know of this wonderful healer you may publish my letter willingly, if you care to."

Zam-Buk is a revelation in skin healing. Its antiseptic juices penetrate and purify the underlying tissues of disease. Ordinary fatty ointments and salves are useless in serious skin trouble. You need Zam-Buk which is unequalled in burns, scalds, and cuts, disease and skin. Also suitable for rheumatism, sciatica, stiff joints, etc. All druggists and stores or Zam-Buk Co., Toronto. 10c box, 3 for \$1.50.
