FIFTEEN BOILS ON NECK AT ONE TIME

Anyone who has suffered from boils can sympathize with poor old Job.

There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poulticing and lancing you may do will not stop more coming.

What you have to do is take

BURDOCK BLOOD BITTERS

and the blood will be cleansed of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes:—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 45 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

PAST POLITICS.

Editor Daily News:

Will you grant me space for a few lines—not in answer to Hoomes K's Empire effort of yesterday, but because of it. As I was an active member of the organization supposedly responsible for the "Famous Battle of Kelly's Cut" let me endeavor to protect well meaning voters from the insidious and potential lie.

Again not because of the political prestige of the author, but because of the prominence given it by an influential advocate in the present campaign, it becomes in fact a professional prevarication.

Sir as I was a witness of the events leading up to and immediately following that little event in municipal history, I would like to state a few facts for the benefit of those who were not here, and also to jog the memory of some who were here. Now, Mr. Stork never hesitated to show which side he favored from the beginning right through. Mr. Stork has shown myself and others why the "Earl Gray Rifles" paraded near that time. It was a part of the summer program of drill. The author of that article as well as the owner of the patriotic sheet that publishes it would each have been proud of a place in the parade, if circumstances have made it convenient for them.

The Facts.

Voters these are facts. The Battle of Kelly's Cut was planned and set in motion at a secret conclave held in Foley-Welch's offices, at which meeting the owner and editor of the Empire was present and most of the personnel of that meeting and subsequent events were, have been and are members of the present Independent forces. The "Leading Liberals" active in the affair are either keeping quiet or else in the independent forces. This is history valuable to the voters to be influenced by that typical slang. "Muskeg Scouts." It should be entertaining to others.

You may say that is past and should be forgotten—Should it? Is there an analogy in more modern history? There sure is—a package of identical brand and compound. Please review the Nanaimo coal strike, Fusilier affairs, later in prince Rupert. But give more attention to the main facts of the "1919 history of Winnipeg" and the places in which the Ottawa forces appear in it. Identical in politics, parties, interests and kind, only worse by a ratio squared and raised to the fourth degree. One point in which the personnel of the "War-time Government" attempting to carry on in peace times, and reseeking the suffrage of the country, can be compared very unfavorably with a man who took a more passive than active part in a local event.

Against Liberty.

For this point look up "Hansard" June 5, 6, 7 1919, re amendment of clause 40. Immigration Act. Also June 27 same year and same act. See where the defender of the faith of independence and democracy, D. F. of I. and D. stood on those legislative features of the most violent Imperial Tory repression. If he stood in line to support it he is not worthy the name Independent and has no place in democracy. The act of the early date is a true Imperial interpretation of democracy and equal "Family Compact History." But the act of the second date is nothing but a legislative abortion, the worst smirch ever put on the pages of history against the principle of "Magna Charta."

"Breaths there a man with soul so dead,
Who never to himself hath said:
This is my inalienable privilege.
"If such there be,—etc., etc."

With your permission Sir, I will attempt a slight history of said two acts before polling day, and remaining a voter against Imperial Democracy.

FORMERLY A CHURCH NOW VARIETY THEATRE

TORONTO, Nov. 21.—(By Canadian Press).—The recently reported sale of the burlesque house, Star Theatre, is but another chapter in the history of Toronto city property that has had about as many changes as Joseph's coat had colors. Originally the building which still forms part of the Star Theatre was a Methodist Church, that was about 60 years ago. Then for many years the church building was occupied as a printing establishment. Later it became a Temperance Hall and justified the name of the street on which it stands—Temperance Street. Some time later it became a show house and the first burlesque theatre in Toronto. During the intervening years there had of course been many additions to the building and the churchified appearance disappeared between the modern theatre walls. For some time, the Toronto Police Benefit Association held a mortgage on the building and there was more or less comment on the fact that the pulchritude of the Toronto police should be in any way mixed up with a burlesque theatre.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. The Milk Helped

More than one dinner yesterday had a dessert, a cream sauce, or soup made with Pacific Milk. We know this because of the number of enquiries that came in last week asking for recipes for these different dishes.

Pacific Milk makes lovely desserts, cakes and other things, because of its natural cream flavor, and never tastes of the tin.
