Funeral of Miss Ethel Gilliland

Sister of High School Principal at Prince Rupert Was Drowned at Shawnigan Lake

With hundreds of sorrowing friends unable to obtain admittance to the edifice, which was packed to the doors, a moving demonstration of the popular sympathy for the bereaved families was in evidence at the double funeral yesterday of Ethel Marjorie Gilliland and Wilfred Irvine Francis, who lost their lives in a speed boat tragedy at Shawnigan Lake on Tuesday, August 9, says the Victoria Times.

The impressive service was held in the Metropolitan United Church at 2 o'clock, Rev. W. J. Sipprell, Rev. Canon A. E. de L. Nunnis and Rev. F. Church officiating.

The two caskets, covered with lovely flowers, lay side by side in the chancel, and were later conveyed to Royal Oak Burial Park, where interment was made. So many were the floral tributes that four additional cars were required for their conveyance, and many sympathizing friends joined the sad cortege out to the cemetery, all anxious to pay their final tribute of respect to the young victims.

Former school friends of the deceased boy and girl acted as pallbearers.

Miss Gilliland was a sister of Harry Gilliland, principal of Prince Rupert High School.

BAD TIME FOR TOLMIE

Premier Met Partially Hostile Audience at Victoria Non-Political Gathering

VICTORIA, Aug. 25.—Rounds of "booming," echoing from all parts of the auditorium of the City Temple competed strongly with the applause with which part of the audience of 1,100 men and women sought to welcome Premier Tolmie on his first public appearance since his return from his long sojourn at Ottawa.

The demonstration against the Premier commenced the instant he entered the hall, accompanied by Rev. Clem Davies, and continued in ruts throughout his progress to the platform. Groups in several sections of the hall took up the noisy chorus and at times their demonstration drowned out the hand-clapping of the majority.

The initial demonstration was only a forerunner of the difficult pathway the Premier was required to tread during his hour of speech-making. Dr. Davies, the chairman, in an effort to provide a lightning rod for the impending storm, in his introduction of the Premier, stressed the fact that the meeting was in no sense a political gathering and that the speaker was the guest of the City Temple and as such entitled to a good hearing in his explanation of the problems before the Imperial Conference.

For some time the interruptions took the form of clearly spoken comments in conversational tone, apparently exchanged between members of the audience. Later the remarks were more pointed and directed specifically to the Premier.

Although the chairman intervened to denounce the interruptions as not in accord with British fair play and also apologized to the Premier on behalf of the City Temple, the interruptions continued with only slightly diminished energy throughout the Premier's address.

Throughout the evening, supplementing the spoken comments and questions, the chorused "boos" arose at intervals, the cry being echoed from group to group around the hall.

The Premier maintained his composure with great aplomb, continuing his speech as though he heard nothing and was accorded an ovation at the conclusion of his remarks. The storm of hand-clapping gave occasion for a final chorus of "booming" as the meeting disbanded.
