GOOD NEWS, PRINCE RUPERT Prince Rupert people were cheered yesterday to hear that the elevator was about to be busy once more. With at least two vessels fixed to load at this port in September and with preparations being made to ship more grain to Prince Rupert in the near future, there is the possibility of very considerable activity at the local house. This paper has refrained from giving publicity to rumors in regard to the grain business as these rumors are so often wrong. Yesterday we were glad to be able to make M a definite announcement, the first authentic statement in regard to it this crop season.

That is the verdict of thousands who now "roll their own" with Chantecler Cigarette Papers. If you want to speed up rolling cigarettes and want a better smoke besides, try these better papers.

PERSISTENT ATTACKS

Persistent attacks are being made upon T. D. Pattullo by a Vancouver paper because he refuses to ally himself with the group now in control of provincial affairs at Victoria and condone their policies. Most people will agree Ma that the Prince Rupert member would do well to hold to his principles no matter what powerful interests may try a h to induce him to do otherwise. The attacks indicate that whi he is greatly feared by certain privileged persons and cor- wil porations.
