Province to Take Over Breweries.

It is announced in a telegraphic despatch that the liquor board has decided to take over a number of breweries in this province and operate them in order to make the beer needed by the board. This is a drastic move and one that will be open to criticism in some quarters.

As the only means of selling beer in the province is to be through the liquor board and as export is practically shut off through the action of the neighboring provinces shutting off importation and the United States being dry, it meant either apportioning the business among the breweries or having them closed, unless, as is to be done, they are taken over.

The breweries were the agencies that worked hardest to defeat prohibition and through their action the prohibitory measure was to a large extent nullified. By buying them out the province will remove any possible opposition and when it comes to again passing a prohibitory measure at a later date when the people are tired of the liquor debacle, it will be much easier to to enforce prohibition than it was on the former occasion.

Silk Shipments And This Port.

Press despatches yesterday told of a huge shipment of silk being landed at Vancouver and rushed through to New York. The insurance on the silk is very high owing to its great value and also to the danger of spoiling in shipment. For that reason every day on the road means money to the shippers.

If the steamers docked at Prince Rupert and a special train carried the silk from this port to New York, the shipments could be made in much faster time than by way of Vancouver. The vessels pass in the offing not far from Prince Rupert and owing to the light grade by this route, good time could be made.

It is because of the possibilities of this trade that the New York Central and other railway companies are said to have their eyes set on this port and to be covetous of the railway crossing the continent through northern B.C. It is because of this business that we may hope some day to be the terminus of a railway that will carry goods from the Orient trans-shipped here.

Where Does Our Income Tax Go?

Where does our income tax go? To the railways, is the answer. The loss on the Canadian railways is much greater than the total amount of money paid in income tax. All our worrying over the payment of taxes goes for naught, for the money is wasted.

No one objects to paying taxes as long as they know the money is used properly. The affairs of the country must be carried on and the people must pay the bills. There is no other way. Taxes of some kind are necessary. We must be in a position to carry on, but there is no need of a luxury that costs us over one hundred million dollars a year. We cannot afford to spend that much for the sake of saying that we own and operate our own railways. When we pay our taxes we must always remember that this money is being paid to bolster up a system that is not proving workable.

The idea of the people owning their own means of transportation is attractive until it is tried and we have to pay the bills. Then the attraction quickly disappears and we realize that it is better to allow someone else to run the railways for us and avoid the taxation.

No Return Of The Trouble Since Taking "Fruit-a-tives"

103 CHURCH ST., MONTREAL.
"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good.

Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

BOSTONIANS COMING TODAY

Will be at Westholme Theatre Tonight for Their First Entertainment.

The Bostonian Brevities will give the show at the Westholme Theatre tonight. Owing to the shipping strike it is impossible for them to go to the west coast of Alaska just now and so they are coming here earlier than otherwise was intended.

According to all reports they are a very clever aggregation. They are the successors of the Bostonians who were here a few years ago and are still in charge of Mrs. Lang who is well known to many Prince Rupert people.

Vocal and character acting are the specialties of the troupe and among them is a ten-year-old boy, a most clever comedy and character impersonator, who has made a great record everywhere.

People have been looking forward to the visit of this clever group of entertainers, and they are to be here tonight.

FIRST-AID FOR THE SKIN

YOU CANNOT AFFORD TO BE WITHOUT ZAM-BUK.

No matter how careful a mother may be in preparing the meals or in house cleaning, she cannot avoid Cuts, Burns and Scalds. Children, likewise, seem to have a special weakness for knocking and bruising their limbs and faces, and for catching any prevalent skin or scalp disease from their playmates.

Whether for Eczema, Abscesses, Ulcers, Piles, Bad Legs, Boils, Poisoned Wounds or children's Ringworm, Zam-Buk is the ideal "Home Doctor," being safe, sure and swift in its soothing, healing and antiseptic action.

A unique substance prepared from valuable herbal oils and extracts, Zam-Buk contains no lard or other animal fat nor any poisonous mineral drug. In a natural way Zam-Buk takes the "fire" and smarting pain out of a wound or sore, and it kills and expels disease and poison germs. Having thoroughly cleansed a sore and got rid of all corruption and germs, Zam-Buk then heals it by growing healthy new skin.

There's nothing "just as good" as Zam-Buk because it is a super-balm and is totally different to the host of common salves and ointments often peddled off on the unvarying Zam-Buk is so pure and highly refined that it penetrates the underlying tissues and roots out skin trouble. Zam-Buk healing is permanent healing for it performs its work in a new way. You can easily prove this for yourself.

SEND FOR A FREE SAMPLE! Cut out this announcement and write across it the name and date of this paper. Forward the cutting with a 1c stamp (for return postage) to Zam-Buk Co., Toronto. Sample box will be mailed by return. 50c box, 3 for \$1.25. All dealers.

Mother's Bad Leg.

Mrs. R. Terrell, 100, Duane St., Montreal, writes: "For five years I had a bad leg, through a lesion. I suffered excruciating pain, and could not walk. I tried many remedies, but nothing helped. I then used Zam-Buk. I was cured in a few days. I am now as well as ever."

Child's Skin Sores.

Mrs. A. J. Cameron, of Melville, writes: "My little son's head and neck were covered with sores. I tried many remedies, but nothing helped. I then used Zam-Buk. I was cured in a few days. I am now as well as ever."

Worker's Burns.

Mr. C. T. Brown, 441, Bloor St. E., Toronto, writes: "I had a bad burn on my back. I tried many remedies, but nothing helped. I then used Zam-Buk. I was cured in a few days. I am now as well as ever."
