# WANTS \$1,000 IMPROVEMENTS AT SALT LAKE

Executive Committee of Swimming Club Make Plans for Lot of Work

On Sunday the executive committee of the Swimming Club visited the Salt Lake and decided on a program of improvements which they hope to carry out this year and this was further discussed at a short meeting last night in the police court room.

It was found that the water at the lake was rather discolored owing to the dam preventing the sea water coming in except at the very highest tides. Accordingly the dam was removed and the level of the lake lowered for a week or two in order to allow the water to come in. This will make it much better for swimming purposes than it otherwise would be.

## The Program

An estimated expenditure of \$1,000 is contemplated. It was found that one of the floats was badly waterlogged and would have to be renewed and some improvements will be made to the dressing rooms. The landing stage also has to be renewed and if there is sufficient money the committee is anxious to get more sand put in the shallow part of the lake for the children to have an opportunity to wade.

The committee reported the work being put in by the Provincial Government to be practically complete and a very great improvement over the old one. It follows the water's edge and is fine from a scenic point of view.

## Must Have Money

It was pointed out by a member of the club that people seemed to expect a lot of improvements to be made, but were not ready to put up their money. The few members of the club gave their time to this which was public work and the people should be willing to pay without being damned for the money.

# GOOD BOXING WAS PUT ON

Boilermakers' Smoker Last Night Proved Highly Successful Affair.

The main interest at the smoker put on by the Ironworkers and Boilermakers at the Empress Theatre centred in the boxing matches. The three preliminaries and the main event between Tommy Sherman and Ernie Hilton made one of the best series of bouts that has ever been seen in the city and there was some excellent promise at the finale displayed.

## Preliminaries

The first preliminary was a two-minute round match between Young Krikovsky and Kid Babine, two ten year olds, in which the former was awarded the decision. Considering their ages the lads surprised all those who witnessed their boxing and their footwork, blocking and hitting was excellent.

Nick Gurvich and Ted Howe, fourteen year olds, showed up well and full of spirit in a two-minute round go which was declared a draw.

A three-round exhibition sparring match between Red Davidson and Alex. Roy proved very entertaining and some good boxing was shown.

## Main Event

In the main event Tommy Sherman was given the decision over his opponent, Ernie Hilton, when the bout was stopped in the third round and a technical knockout declared to save the latter from further punishment. Nevertheless the match was one of the best and speediest ever seen here and was very even. The first round was Sherman's, the second one was even and also the third up till the stopping of the contest. Hilton was out of form but put up a game fight while Sherman put up one of the prettiest battles ever. This lad is showing improvement on each occasion he is seen and local fans have hopes of his becoming even more than a local star. Roy Barnes was referee and Morris Condon timekeeper.

Ask is also blooming forth as a sport town and an athletic association is being launched there in order to organize a baseball team. An ideal spot for a diamond would be on the first terrace of the townsite where an isolated track remains in amphitheatre position ready to afford seating accommodation for all the fans.

A tennis club has been formed at Ask and a court has been established in front of the hotel. A benefit dance was held last week which greatly assisted the finances of the club. The following are the officers: President, J. A. McGuire; Secretary, Miss H. Jones; Committee, Mrs. Whitlow, Miss Helen Durham, L. E. Moody and Roy Thomas.

## KILLED BIRD WITH A GOLF BALL SHOT

LONDON, Ont., May 3.—While golfing at the London Hunt Club recently, Arthur White, a local member, killed a bird on the wing with a shot from one of his trusty clubs. The shot, a low fast one, cut the head off a golden ringed woodpecker, better known as a "flicker." The club professional, K. Marsh, admitted that he had heard of similar cases, but declared they were very rare.

**SIXTH HOME RUN.**  
BOSTON, May 3.—Babe Ruth hit his sixth home run of the season here yesterday.

Everybody is waiting to see that group of "seasoned veterans" that the Elks declare they have ready to spring in the City Baseball League. They are shrouding their mighty aggregation in the deepest of mystery and won't say a word about them. Therefore, everybody is interested and looking for big things. It is to be hoped that the old fellows will not prove too old to hold down the youngsters in the other two City Leagues teams and, from all appearances, all their experience will be necessary in handling some of the bright players that are appearing in the Red Sox and Sons of Canada lineups.

There will be a meeting of the Prince Rupert Football Association on Wednesday night to draw up the constitution for the season. All details of the conduct of the games will be mapped out at this meeting but the schedule will not be arranged till later. The issuing of forms for the signing of players in the various league teams will also be made.

# "Listen, Mother"

"HERE is a letter from Bessie, and she says she is feeling fine again after using Dr. Chase's Nerve Food."

"I knew it was just what she needed to build up her system after baby's coming."

"She says she is sorry she did not take your advice long ago instead of worrying along as a semi-invalid for so many weeks."

"What else does she say?"

"I will read you the rest. She says: 'My nerves got so upset that I could not sleep scarcely at all. Digestion was bad and I had palpitation of the heart. Baby got cross and irritable, and at times I got terribly discouraged.'"
