LIBERAL CONVENTION CHOSES FRED STORK TO CONTEST SKEENA

(Continued From Page One)

to carry the constituency when the general election comes on. British Columbia owes it to herself and to her future to see that Liberal policies are made to prevail in the administration of our public affairs.

"W. L. MACKENZIE KING."
Mr. Stork's Record.

Fred Stork was born in Ontario in 1871, came to British Columbia in 1889, and has lived in the west practically ever since. He came to Prince Rupert in 1910 and has engaged in the hardware business in this city ever since. In 1917 he contested the constituency against Col. C. W. Peck and received a majority of 510 votes in the constituency but this was reversed by the overseas vote. Colonel Peck being elected.

Mr. Stork is a keen student of political and economic affairs and the general opinion is that he will be elected.

Speaker Speaks.

In addressing the convention on being selected as chairman Mr. Manson emphasized the duty a man owes his country in matters of government and stated his belief that much of the governmental difficulty was due to indifference on the part of the people. Many complained but at the same time refused to take any part in the selection of candidates for their own constituency. The result often meant bad government.

"The situation in the Dominion all are agreed is not a happy one," said the speaker. The present government went in on a war platform and did what they could to win the war. After the war was over they clung to office. The Government is not truly democratic or representative. It represents the wealthy class and is really a government of the big interests. This is the strongest and truest indictment against them. They were elected by a majority of about 70 and this has been reduced to 15 and still by-elections go steadily Liberal and Progressive."

Overwhelming Defeat.

Mr. Manson referred to the election at Medicine Hat where the Government candidate was defeated with such an overwhelming majority. Five more by-elections are coming and these elections must be held within a reasonable time. If the Government were defeated anything might happen and he urged the nomination of a candidate.

Expressions of opinion were then asked and given the convention being very nearly equally divided.

T. J. Connolly was the winner of the month's season ticket to the Westholme Theatre for guessing the length of the Carpenter - Dempsey heavyweight bout. His guess was four rounds, and seven seconds. There was a closer guess by R. T. J. Rose, three rounds, one minute and 26 seconds, but this was disqualified as Mr. Rose had filled in two cards.
