FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

**CALGARY SEEKS
REDUCTION IN
EXPRESS RATES**

**Edmonton Board of Trade Asked
To Co-operate in Effort To
Secure Lower Rates.**

CALGARY, Dec. 27.—Calgary is seeking the support of the Edmonton Board of Trade in a movement that will advocate an immediate reduction in the express rates existing all over the west which, Calgary claims, should be at least equal to the recent reduction ordered by the board of railway commissioners in connection with freight tariffs.

The Board of Trade here will take the matter up and give it consideration, and in all probability will support Calgary to the extent of its power. Existing express rates are excessively high, the board of trade of the southern city states and could be decreased with little loss of time.

Canada Express Company was questioned by The Bulletin as to what he thought of the possibility of express rate reductions.

He replied that the Dominion Express Company was still showing "red figures" and that from a successful operating standpoint no reduction could be entertained. He explained that "red figures" were those denoting the deficits being suffered by the company. "We are still operating at a loss," he declared.

DOCTOR DEAD.
EDMONTON, Dec. 27.—Dr. J. Park, one of the foremost medical men in Alberta, died here today at the age of 71.

**SECRET SERVICE
SOVIET RUSSIA**

MONTREAL, Dec. 23.—The greatest system of secret service ever known has been established in Russia by the Soviet government, A. K. MacMillan, superintendent of Atlantic City and Shore Railroad, told the members of the Canadian Railway Club during an address on "The Difficulties of Railroad Transportation in Soviet Russia," at the Windsor Hotel last night.

Thousands of persons are thrown into prison on the slightest pretext, the speaker said. "Mandates for life and death are given as political patronage. If a friend of the commission can get one of the little slips he has power to remove any one. If the energy which these men have displayed in this work had been devoted to industry it would have saved Russia."

Conditions in Russia will eventually become stabilized, he further stated, not by means of any counter revolution but because of the gradual change in the methods of the present government.

Dreaded Communism.

Lenine and Trotsky and those who have gathered around them have created a certain amount of order. They have dropped communism. There are probably more communists in New York than there are in Russia. The Soviets are beginning to recognize the necessity of industry. It must be a slow evolution within themselves. It would be unfortunate in view of the terrible suffering already experienced if another revolution should start.

The Government, he said, operate trains which are used for propaganda. They have cars equipped with printing machinery to print Soviet literature and carry moving picture machines. All the films depict the villain as a capitalist and the hero as the poor down-trodden man. These dramas are specially prepared by the Government.

Murdered Royal Family.
He said it had been proved beyond a doubt that the Czar, the Czarina and the three Grand Duchesses were murdered by Leftist soldiers. Their bodies were transported on a motor truck to an old mine shaft and after sulphuric acid had been poured over them they were thrown down the shaft. These facts were brought to light by an investigation made by the allied mission.

Mrs. Halow's Milkman

"The only milkman we know is the Pacific Milk can," Mrs. Halow says. They have used it for five years, occasionally trying a tin of something else, but she says one can is enough to prove that Pacific Milk is still the best and she orders another case.
