ACTIVITIES AMONG MASSETT NATIVES—COUNCILS CHOSEN

MASSETT, April 15.—The Massett Indians purchased an electric lighting plant for the new Anglican Church recently erected by the band on Massett Reserve. The Anglican missionary, Rev. J. Gillett, introduced a moving picture plant which is taken to the various settlements on the islands for the entertainment of the residents. Literary and athletic societies have been organized by the natives who held several socials for the benefit of the funds of the Massett church. The children of the Indian day school, numbering over one hundred pupils, have also held entertainments under the direction of their teachers. Messrs. Alfred Adams and Peter Hill, two Indian graduates of the old Metlakatla School. The Massett Indian day school is credited with the largest attendance of pupils of any Indian day school in the province.

After the "Flu" Four Children Had Whooping Cough

Whooping Cough, although specially a disease of childhood is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief and heat and soothes the lungs.

Mrs. J. M. House, Imperial, Sask., writes: "After the 'flu,' last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup is 35c. and 60c. a bottle at all dealers. Put up only by The T. M. M. Co., Limited, Toronto, Ont.

H. LIBUT STATION QUEEN CHARLOTTE'S FISHING PREPARATIONS

MASSETT, April 15.—Arrangements are under way for the placing of three halibut stations on the Queen Charlotte Islands. One will be placed at Langara, at the extreme north end of the group; another will be placed at Massett Indian reserve; the third will be on Hippo Island, on the west coast of Graham Island, midway between Cape Knox and Skidegate.

For Run Expected
Few of the canneries will operate on the islands this year. The fact that "suck-ye" do not enter the rivers and that the run of "pinks" occurs only during every second year, means that the supply would be insufficient to supply the canneries. A large number of trollers are preparing for the "spring" and "colony" run, which commences, off Langara Island about the 1st of May. The supply of serges and cohorts will be marketed through Prince Rupert.

JITNEY SERVICE.

STEWART, April 15.—The snow is disappearing rapidly and has already gone sufficient for the auto jitney service to be operated between Stewart and Hyder. This is a great improvement over the winter sleigh service.
